

Bean Crop Goes to Waste

Wilson Lowe, a farmer near Salisbury, Mo., is shown regretfully plowing under his 35 acres of beans when his call for volunteer pickers failed to bring a single applicant.

Many Miners Remain Idle

England-to-Africa Shuttle Route Used by British Bombers

Attack Zeppelin Works on Way Out, Italian Base Enroute Home

By ROGER GREENE
Associated Press War Editor
RAF bombers flying a spectacular new shuttle route of some 2,500 miles round-trip blasted the German Zeppelin works at Friedrichshafen the night of June 20, flew on to North Africa and returned to England early today after pounding the Italian naval base at La Spezia on the way home, the British Air Ministry announced.

Meanwhile, Secretary of War Stimson disclosed that Germany appeared to be moving huge forces into France and Italy to fight off an allied invasion of Europe and was massing her fighter planes to protect her bomb-battered industrial regions.

Stimson estimated that 10 to 12 German divisions—roughly 150,000 troops—had been moved into France and several others to Italy.

"They may or may not have been withdrawn from the Russian front," he said, adding that there was "an extraordinary lull" on the Soviet battlefields despite ideal weather for military operations.

A London air ministry communication announced that several squadrons made the bomb-as-you-go fight to Africa and back.

No British Losses
In accomplishing the unprecedented feat, not a single one of the big four-motored RAF Lancasters was lost, the Air Ministry said.

The RAF said great oil fires were raging at La Spezia, which is believed to be a main base of the shore hugging Italian fleet, and bomb hits were scored on the docks.

Coinciding with this latest development in the allied whipsaw offensive against Hitler's European fortress, RAF heavy bombers from the Middle East and Wellingtons from North Africa returned to the attack on Italy's anti-invasion outposts in the Mediterranean.

Allied headquarters said the raiders rained fiery destruction on the enemy airbase at Comiso, Sicily, and at Olbia in northern Sardinia.

Premier Mussolini's high command acknowledged the attack on La Spezia and said allied warplanes also bombed Porto Empedocle and Catania, Sicily.

Other events at-a-glance:
England—15 German night raiders drop thousands of incendiaries in hour-long attack on Hull (pop. 250,000), many killed as fires still rage.

Mediterranean—Rome says Italian planes bomb British airbase at Latakia, Syria, where British troops reported massing.

Invasion Jitters—German broadcast reports Italians evacuate Castelrosso in Dodecanese islands, says Ankara reports that "the allies may start operations against the Dodecanese from Syria"; Balkan sources declare 75 axis divisions now massed in the Aegean isles, Crete, Greece, and Yugoslavia to combat allied invasion.

Russia—Red armies attack German defense lines west of Nazi-held Belgorod on Kharkov front, Moscow speculates on possible recapture of town.

Southwest Pacific—U. S. Liberators fly 2,000 miles round-trip to blast Japanese base at Macassar, Dutch Celebes; raiders hit enemy cruiser, set fires visible 70 miles with 35-ton deluge of bombs; Australian troops bloody repulse third straight Japanese attack in New Guinea jungles.

Japan—Tokyo broadcast says Japan expects allies to open new Burma offensive in October, predicts new bombing attacks on Japan.

City to Be Under Potential Blackout Sometime Sunday

Residents of Dixon and vicinity adjoining are urged to be alert for the test to be made at an unannounced hour during Sunday, when the city will be under potential blackout during which period it will be subjected to exercise air raids. The hour of the exercise is set by the state headquarters of the Civilian Defense Council and will be made known only a short time before the test. The purpose of the exercise is to test Dixon's ability to cope with a potential blackout and series of air raids.

At a given time, the control center will receive a "yellow" signal which will call all defense heads of the several departments to their posts. Some minutes later a "blue" signal will be received at which time the air raid signals will sound and the general public given warning by this alarm, which will continue for a two-minute period. This signal will call every member of the defense organization into service without the use of telephone. Traffic will be required to slow down and proceed with caution over the city streets.

Ten minutes after the blue signal is received the "red" signal will be sounded with a rising and falling broken tone of the sirens for a two-minute period. The "red" is the action signal and all traffic will be stopped and where convenient, will park on side streets or draw to the curb, to avoid any possible congestion of main travel highways. Pedestrians will leave the streets and seek shelter during the period. Five minutes after the "red" signal the "blue" alarm will again be sounded, whereupon traffic may be resumed with caution, and pedestrians will again be permitted on the streets. Public institutions will follow their own plans and industrial plants in the city will not be required to participate in the exercise.

Silly Dispute Holds Up Work on Factory

Granite City, Ill., June 24—(AP)—Tilford Dudley, regional director of disputes for the War Labor Board, conferred today with officials of the Fruin-Colson Contracting Co., concerning a union labor jurisdictional dispute over installation of certain machinery.

The WLB said the company is constructing a \$12,000,000 addition to the Granite City Steel Co. plant and that if members of the International Association of Machinists, an independent union, install the machinery 100 millwrights will go on strike. On the other hand, if millwrights in the International Brotherhood of Carpenters (AFL) make the installation 80 machinists will strike.

The company has asked the board to determine which group of workers should make the installation. Dudley said the procedure to be adopted would be determined after conclusion of the conferences with company and union officials and with the regional and national War Labor Boards.

Hangars Now Being Flown to Fronts

Kansas City, June 24.—(AP)—To the fighting fronts American transport planes now can haul knocked-down, pre-fabricated hangars—which inexperienced soldiers can erect in a jiffy, says Glen C. Speakman, sales manager for the Butler Manufacturing company.

He described in an interview how his firm is "rolling out the hangars by the hundreds" here and at Galesburg, Ill.

The 92 tons of each hangar is packed in sections so compact that planes can deliver them to any front within hours, not days, after an order is placed, Speakman said.

A crew of 90 inexperienced soldiers on any of the fronts should be able to assemble a hangar swiftly, he said, providing a shelter 130 feet wide, 180 feet long, with a minimum ceiling clearance of 39 feet, and without pillars or supports to clutter the floor space.

Already in service are steel-framed, canvas-lined hangars of an earlier design made by the Butler Company. An improvement has brought a rush order from the Army for many more.

The new wrinkle, Speakman said, is just as moveable as a circus tent—and no poles to put up!

33 Persons Poisoned at Exclusive Luncheon

Canton, Ohio, June 24.—(AP)—Thirty-three persons, including several Army, Navy and War Production Board officials from Washington, were stricken with food poisoning following a luncheon at the exclusive Canton club, City Health Commissioner F. M. Sayre reported today.

Twenty were hospitalized and described by attendants as violently ill, and 13 others were treated at their homes.

All these stricken were guests of the Hercules Motors Corp. at a luncheon arranged yesterday in connection with tour of war plants here and at Massillon and Barberton.

Dr. Sayre said the poisoning cases had been traced to Boston cream pie served at the luncheon.

Women's Equal Pay Bill Wins Approval of House Committee

Bill Now Moves to Floor of House for Possible Action Today

Springfield, Ill., June 24.—(AP)—The state equal pay for women bill, sponsored by Governor Green's administration but bitterly fought by organized manufacturers, moved to the house floor today with a 16 to 5 vote of approval by the house executive committee. Probably the biggest battle of the waning legislative session still confronted it there.

This was indicated by developments in the executive committee, where five Republican legislators bolted the administration to oppose the bill after heated debate in which a number of manufacturers and their spokesmen declared the equal pay plan was "impractical of application" and contended it would drive industry out of the state.

Labor Board Hails Group
The Illinois State Federation of Labor and other labor groups hailed the executive committee action as a significant victory for the bill they have termed as the major measure of this session. It has passed the senate, and will reach a house vote late this week or early next week.

A second legislative victory was claimed by the federation when the house late yesterday failed to pass the administration bills setting up legal machinery for relaxing the women's eight hour day, and the six-day week laws during the war emergency. While the AFL opposed the bills, CIO spokesmen had supported them.

Sufficient time yet remains for the relaxation bills to be voted upon again, but sponsors admitted their chances of enactment had been dimmed by the fact that they fell 14 votes short of the number needed for passage. The bills, by Rep. W. J. McDonald (R-Murphysboro), would still have to go through the senate before final adjournment of the session June 30.

All these stricken were guests of the Hercules Motors Corp. at a luncheon arranged yesterday in connection with tour of war plants here and at Massillon and Barberton.

Dr. Sayre said the poisoning cases had been traced to Boston cream pie served at the luncheon.

Detroit Riot Death Toll Mounts to 31 During Last Night

Detroit, June 24.—(AP)—Curfew and other restrictions imposed by Governor Harry F. Kelly on nearby Oakland and Macomb counties after race rioting in Detroit this week were removed today. Both counties include some Detroit suburban areas.

In Wayne county (Detroit), some relaxation of previous restrictions was made. The curfew was set for midnight, instead of 10 p. m.; places of amusement were permitted to remain open until 11 p. m. instead of being forced to close at 9 p. m., and sale of alcoholic beverages by the glass was permitted except between 10 p. m. and 7 a. m.

Those who did the killing and looting in the riots were hunted down relentlessly today as the death toll climbed to 31.

Two white men injured in Monday's rioting died in hospitals last night. One had been stoned by a group of Negro youths and the other struck on the head by a brick, police said.

Over 700 Injured
After a night marked by only minor disturbances, law enforcement agencies took measures to make sure that every person, white or Negro, would be punished in proportion to the part he took in the rioting which began Sunday night and raged through Monday.

With the city guarded by 3,800 soldiers, last night passed quietly. Troops had to be called, however, to stand by while the senior class of Northeastern high school was graduated. A restless crowd of youths had gathered outside the school as the seniors, including 29 Negroes, received their diplomas.

"We have the situation under control," Gov. Harry F. Kelly announced. "Our next step is to find out who the guilty ones are, to punish them and see that things of this kind do not happen again in the state of Michigan."

VICHY COMMENTS
New York, June 24.—(AP)—The Nazi-controlled Vichy radio asserted today that Detroit's race riots were symptomatic of "the internal disorganization of a country torn by social injustice, race hatreds, regional disputes, the violence of an irritated proletariat and the gangsterism of a capitalistic police."

The broadcast was recorded by CBS.

The rioting was declared to be both a handicap to war production and an indication of the scope of what the radio said was "the moral and social crisis in the United States."

"First of all it evidences the small interest a great part of the American population shows in the war," the radio commented. "x x x In the present state the United States do not seem very justified in their ambitions of Americanizing the world and of making the 20th century an American century."

Suggestion

Cleveland, June 24.—(AP)—Free beer and pretzels for foundry workers as a means of reducing absenteeism in the industry was advocated today by Dr. William P. Edmunds, Cleveland area director of the War Manpower commission, at a Chamber of Commerce meeting.

Explaining he spoke as a physician, Dr. Edmunds declared every foundry and smelting works should provide employees with a mug of beer and pretzels at mid-morning and mid-afternoon to relieve fatigue, offset perspiration and raise morale.

Move Under Way to Keep Chester Davis as War Food Administrator; Says D. C.

Washington, June 24.—(AP)—Don't count Chester C. Davis out as War Food Administrator unless and until you hear that he has actually turned in his resignation to President Roosevelt.

That's the reply of D. C. Speaker, unofficial but informed Capital news source, to reports that Davis has told the White House he will quit unless given more power over food policies.

Familiar with authority rows in both peace and war, Speaker said he'd wager that the White House is trying now to work out a satisfactory arrangement with Davis—because of Davis' general knowledge of food and farm problems and the support he has among farmers and the food industry.

The principal demand voiced by Davis is for greater control over farm and food price policies, said Speaker, the mythical District of Columbia observer who represents authentic but unquotable sources.

"However," he added, "literally speaking, Davis has made no threats to quit. He doesn't operate that way. He's the type who uses the gun only once."

"What he has done is this: He has outlined to the White House the powers he thinks his agency must have if it is to do the job under his leadership. It is up to the White House to decide what will be done about it."

Speaker said it was a pretty good bet that the situation would be worked out so that Davis could continue as food chief. Failing that, D. C. conceded Davis could be expected to pack up and return to his old post as president of the Federal Reserve bank at St. Louis.

Draft Club Sought; Thousands of Miners Ignore Lewis' Edict

Ikkes Sees Government Operating Mines for 'Considerable' Time

(By The Associated Press)
Washington, June 24.—Despite the expressed ire of President Roosevelt and his announced intention to seek a draft law club, thousands of miners remained away from work today in defiance of their own union policy committee. And Secretary Ikkes indicated he expected the pits to remain under more active federal management for "a considerable period."

Although the back-to-work movement ending the nation's third war time coal strike gained at night, some United Mine Workers locals flatly voted down instructions to return to their jobs.

Ikkes' statement, made in disclosing that he had called 29 major mine owners to meet with him tomorrow, followed a White House statement last night in which Roosevelt said he would ask congress to raise to 65 the maximum age for induction of men into non-combatant military service.

Steps already are underway to set up machinery for drafting into uniform all miners within present selective service age limits, he said in a statement prefaced by the terse assertion "It is a good thing that the miners are returning to their work."

But they weren't. In Pennsylvania, for instance, the nation's

Possibility

Washington, June 24.—(AP)—John L. Lewis, president of the United Mine Workers, conceivably might be put into Army uniform under President Roosevelt's proposal to raise the draft age limit to 65 for non-combatant service as a strike-breaking device, Lewis is 63.

The effect of such an amendment on him, however, would depend on whether it was drawn to include union officers as well as workmen.

biggest coal producing state, operations were estimated by the Western Pennsylvania Coal Operators' Association at "less than 50 per cent." The same figure was reported from Ohio, and in Alabama only 3,000 of the state's 26,000 miners were back at work.

Ikkes to Manage Mines
Ikkes, nominal operator of the mines since May 1 when they were taken over by the government, said developments in the controversy "indicate that the government will be compelled to continue custody and operation of the mines for a considerable period of time."

Although expressing hope for a speedy settlement that would permit a resumption of private operation, the interior secretary added: "But in the present circumstances it is essential to protect the government's interest in the operation of the mines that I undertake active participation in the supervision of management and operation of the mines."

To a press conference questioner who asked whether UMW President John L. Lewis had "pointed a pistol at the head of the government" in setting October 31 as a new deadline for another work stoppage in the absence of an agreement, Ikkes replied: "Maybe he's pointing a pistol at my head."

Foresee Veto of Bill
Most congressional quarters regarded Roosevelt's draft law proposal as an inadequate substitute for the anti-strike bill which many legislators now expect him to veto.

The impression was that strikers would be drafted, then returned to their jobs under Army discipline—and at Army pay.

Most house and senate circles which had anything to say about the proposal styled it an inadequate substitute for the anti-strike law which passed both branches by a thumping majority.

This act, on Roosevelt's desk almost two weeks, would penalize union leaders for strikes in government-operated industries, or mines. Labor has denounced it.

Backers of the legislation said it was doubtful that they could successfully override a veto. A two-thirds majority is needed to do that.

"Insult to Army"
Rep. Smith (D-Va) said the president's draft proposal was "an insult to the Army." Senator Truman (D-Mo) asserted "It's an honor to serve in the Army and

(Continued on Page 6)

Army's Casualties Since Beginning of War to Date 63,958

Stimson Says Future Operations Likely To Be Costlier

Washington, June 24.—(AP)—United States armed forces have suffered 87,304 announced casualties in all war theatres to date. Of that number 15,132 were killed in action or died of wounds.

Army casualties total 63,958, War Secretary Stimson said, and the Navy's latest list, also issued today, placed Navy, Marine Corps and Coast Guard losses at 23,346, with 7,604 dead, 4,732 wounded and 11,010 missing.

The lull in recent fighting has permitted the Army to complete a tabulation of its casualty reports, Stimson told his press conference, disclosing that the Army has lost 7,528 men who were killed in action or died of wounds, 17,128 wounded, 22,687 missing, and 16,615 officially reported prisoners of the Japanese, the Germans or the Italians.

"While our casualties have been heavy," said the secretary, "it is certain that in practically all theatres of war in which our troops have been engaged, the enemy's losses have been much greater than our own."

He added, however, that future military operations are likely to involve much greater numbers of our troops and that correspondingly heavier casualties should be expected.

Philippines Most Costly
Thus far, Stimson said, the defensive campaign in the Philippines remains the most costly in casualties. The total, including the Philippine Scouts but not the Philippine constabulary or the commonwealth army, is 31,610. Most of these are presumed to be prisoners, he said, and many have been so reported officially.

Because of the failure to receive casualty reports during the last bitter days of fighting in both Bataan and on Corregidor, the secretary cautioned that the Philippine casualty figures probably include some duplications—many listed as wounded presumably being included also among the missing and the prisoners, and probably many of those listed as missing being killed or wounded in the final days of combat.

The Philippine figures, he said, show 1,273 killed, 1,746 wounded, 17,939 missing, and 10,652 prisoners.

In Other Theatres
For other theatres he supplied these figures:
Asiatic—131 killed, 15 wounded, 85 missing, 60 prisoners, total, 291.
Central Pacific—Including the initial Japanese attack on Pearl Harbor—272 killed, 412 wounded, 57 missing, no prisoners. Total 741.

European—436 killed, 664 wounded, 1,196 missing, 564 prisoners. Total 2,890.

Latin American—Eight killed, three wounded, 26 missing, no prisoners. Total 37.

Middle East, including the ninth air force which operated over Africa, the Mediterranean and Italy—106 killed, 96 wounded, 214 missing, 46 prisoners. Total 462.

North Africa—2,574 killed, 9,437 wounded, 1,620 missing, 5,107 prisoners. Total 18,738.

North American—including Alaska-Alutians campaign and losses at sea and in the air in the vicinity of Greenland—864 killed, 1,246 wounded, 214 missing, no prisoners. Total 2,324.

South Pacific, including army operations on Guadalcanal—622

THE WAR TODAY

By MAX HILL

(While DeWitt MacKenzie is on vacation, this daily column is being written by Max Hill, former chief of The Associated Press Bureau in Tokyo.)

The axis still is worrying—and guessing—about what sort of an attack the allies intend to launch against Germany or Italy this summer in Europe.

Unidentified but evidently competent observers in Switzerland told Thomas F. Hawkins of The Associated Press that in their opinion the constant and devastating air attacks might well be the answer.

Germany herself is the "second front"—not some distant coastal point, from which it would take months and thousands of lives to actually penetrate into the Nazi homeland.

The last war finally was decided by the crushing weight of American production. We are less than a month away from the time it took us to break Germany in 1918, and it doesn't appear such a collapse is likely again in the immediate future.

But our output now dwarfs that of the previous war in every respect, and from London last night came the encouraging news that production of munitions in Great Britain for the first three months of 1943 was 40 per cent over the same period in 1942.

Axis production, on the other hand, is bound to be on the downgrade because of the tons of bombs dropped on her vitally essential factories and transportation lines. It is no wonder Germany must husband her remaining strength.

Dispatches from Swiss correspondents in Germany disclosed that the entire Ruhr valley now is virtually a military zone, with authorities constantly more concerned over the effects of the incessant bombing. This is not only because of what it does to production. Civilian morale is bound to drop under such a pounding, and even Hitler won't be able to maintain a solid home front unless the Nazis find some better answer to attacks, but it has been less than far.

It has been some time since

(Continued on Page 6)

Delicacy

Daytona Beach, Fla., June 25.—(AP)—Alligator steaks are appearing on the regular menu of a Daytona Beach restaurant as a supplement to beef and pork.

The steaks—served with potatoes, a green vegetable, a salad and dessert—are listed at \$1 each.

Governors Seek to Strip Federal Bureaus of Administrative Powers

Columbus, O., June 24.—(AP)—The nation's governors are going into the legislative lobbying business in what one state executive describes as an effort to "strip federal bureaus of administrative powers."

A motion adopted at yesterday's closing session of the 35th annual Governors' Conference here directed the conference's executive committee to draft legislation to remove administrative functions from Washington bureaus and to set up a lobby to support such legislation.

Gov. Herbert D. Maw (D) Utah, author of the motion, told newsmen it was a "mandate to the executive committee to draft legislation to strip federal aid agencies of administrative powers and to set up a lobby to support the legislation."

He said the move was aimed primarily at "non-political" bureaus administering federal aid programs. He said these agencies handle social security, public roads administration, public works, employment and similar activities.

Maw said the strategy would probably be to delegate to several states powers now held by national agencies.

His motion was presented as a supplement to a unanimously-approved resolution opposing "further concessions or encroachments on states' rights x x x except as necessary to achieve victory," and calling for "all rights of the states heretofore relinquished to the federal government to further the war effort to be promptly reclaimed" after the war.

July 'V-Day' To Be Observed With Big Outing at Lowell Pk.

Committee Is Planning Celebration of 4th Following Monday

In keeping with the nation-wide suggestion that residents of all communities plan to observe the Fourth of July at home with local programs, and thus permit all traffic to be relieved of congestion, Dixon business men and civic bodies have announced a July "V" day to be observed on Monday, July 5th. Lowell park has been selected for the site of the celebration, which will be in the form of an old-fashioned family picnic for war workers and farmers in the Dixon area.

A meeting was held at the Hotel Nachusa today which was attended by leaders in the project, who formulated final plans for the holiday observation. The program is being sponsored jointly by the Dixon Chamber of Commerce, local merchants and civic bodies, the industrial project being headed by a committee selected from the Chamber.

Harold Burbank has been named

Coffee Ration Will Be Larger July 1

Washington, June 24.—(AP)—The next two coffee rations will be on the basis of one pound in three weeks—the most liberal allowance since the beginning of rationing—the Office of Price Administration announced today.

The present ration is one pound for four weeks.

The lowest ration has been one pound for six weeks but for the most part it has been one pound for five weeks.

OPA said large stocks of green coffee already on hand as well as the more regular arrival of imports with which to maintain these stocks, made possible the increased ration.

Coffee stamp No. 21 in ration book No. 1 will become valid for one pound of coffee on July 1 and will expire on July 21. Stamp No. 22 will be valid for one pound of coffee from July 22 to August 11. Stamp No. 24, now in use, expires at the end of June.

For the first time since rationing began, OPA reported, coffee supplies have reached a normal level.

OPA also withdrew all restrictions on the amount of green coffee which the roasters may buy. The action permits roasters to buy without regard to previously established allowable inventories.

33 Persons Poisoned at Exclusive Luncheon

Canton, Ohio, June 24.—(AP)—Thirty-three persons, including several Army, Navy and War Production Board officials from Washington, were stricken with food poisoning following a luncheon at the exclusive Canton club, City Health Commissioner F. M. Sayre reported today.

Twenty were hospitalized and described by attendants as violently ill, and 13 others were treated at their homes.

All these stricken were guests of the Hercules Motors Corp. at a luncheon arranged yesterday in connection with tour of war plants here and at Massillon and Barberton.

Dr. Sayre said the poisoning cases had been traced to Boston cream pie served at the luncheon.

Zoot Suitist, 78, Is Arrested in New York

Facts About "Pay-As-You-Go"

Q. What happens if the amount of my "withholding exemption" changes during the year?

A. You should furnish your employer with a new withholding exemption certificate within 10 days of such change in order that your employer may give effect at the earliest date required by law to the change in your marital status or the number of your dependents.

Q. Is my employer required to withhold exactly 20 per cent of my pay above my exemption?

A. No. Your employer may elect to use the "Wage Bracket Tables" provided by law which vary slightly from exact computations at 20 per cent. These tables set definite amounts to be withheld from each pay. For example, in the case of married employees with three dependents, whose weekly wage is anywhere between fifty and sixty dollars, the employer is authorized to withhold a flat amount of \$2.80 per week, instead of requiring him to figure the exact amount for each individual employee. The law grants the employer this "short cut" method in order to simplify his job of computing the amount to be withheld for each individual worker. However, cases where "Wage Bracket Tables" are used, the amount of tax withheld will be only slightly different from an exact computation at 20 per cent.

Q. Isn't a large part of last year's income tax cancelled or "forgiven"?

A. Yes, from 75 per cent to 100 per cent, depending upon the amount of your taxes for the years 1942 and 1943.

Q. How about that part which is not cancelled?

A. The part which is not cancelled you still owe to the government. You pay it in equal parts in March 1944 and March 1945.

Q. Since 3/4 of last year's taxes are cancelled and I paid one quarter this past March, doesn't that clear me up on my 1942 tax?

A. No. Your quarterly payment of March 15 operates on your 1942 tax only. Your 15th payment which must be made, if part of your 1942 tax is "unforgiven" you still owe it to the government as part of your 1943 tax liability. Payment of one-half of that balance is due in March 1944 and payment of the other half in 1945.

Q. Then the payment of 1/4 I made in March, added to the forgiveness of 3/4 does not free me from paying another quarterly installment on or before June 15th?

A. No. You are still required to make that June 15th payment.

Q. What happens to the money my employer withholds?

A. The money withheld from your wages is paid by your employer to the United States Treasury. The amount withheld from you stands to your credit at the Treasury against the amount you owe on income and Victory tax.

Q. Does the employer have the use of my money that he has withheld?

A. No. The amount of tax withheld from your wages by your employer is a special fund in trust for the United States.

Q. What proof have I have that much credit against my taxes?

A. Shortly after the close of the year or termination of your employment you will be furnished a receipt by your employer showing the amount of the tax deducted and withheld from your pay.

Q. Is the withholding tax an additional income tax like the Victory tax?

A. No. It's a deduction from your pay which goes toward paying your regular income tax, including the Victory tax.

Steward

The executive committee of the W. S. C. S. met at the home of Mrs. Perry Beitel Monday evening.

The ladies of the W. S. C. S. met this afternoon in the church parlors with Miss Hattie Andes' committee serving.

Mr. and Mrs. Charles Hess had as dinner guests Sunday Mrs. Eliza Moore and Miss Lucy and George Moore of Paw Paw. They also called on Mrs. Carrie Noe of Scarboro.

Mrs. Ollie Halsne entertained her sister of Clinton, Iowa, at her home here over the week end.

Mr. and Mrs. R. M. Shaw of Mattoon spent last Wednesday and Thursday at the home of Mr. and Mrs. Frank Hewitt.

Mrs. Olson and daughter and Mrs. Clifford Macklin of Lee were callers Monday evening at the home of Mr. and Mrs. R. D. Macklin.

Mrs. F. G. Wouff and daughter Patsy and Mrs. Merwin Hemmaway and daughter Bea Ann and Mrs. Dorothy Stunkel and Mrs. Clarence Ewald were visitors in DeKalb Monday.

Mr. and Mrs. Walter Gunderman of Aurora spent Sunday and Monday here at the home of his parents, Mr. and Mrs. A. G. Gunderman.

cien Reese of near Scarboro were callers Sunday at the home of Mr. and Mrs. Ed Johnson.

Birthday Dinner

Mr. and Mrs. John Teece and daughter Muriel Kay were dinner guests Sunday of his parents, Mr. and Mrs. Bill Teece of Wyanet, Ill. The dinner was in honor of Mrs. John Teece's and Bill Teece's birthdays.

Miss Marcella Detig of Rockford is spending her vacation here this week at the home of her parents, Mr. and Mrs. Frank Detig and she also plans to spend a couple of days visiting in Chicago.

Prof. and Mrs. A. W. Mead and baby of Plainfield spent last Thursday and Friday here at the home of her parents, Mr. and Mrs. M. M. Fell.

Mr. and Mrs. John Cordes and family of Ashton were callers last Wednesday evening at the home of Mr. and Mrs. Cliff Allbee.

25th Anniversary

Mr. and Mrs. John Bintjes celebrated their 25th wedding anniversary at their home Sunday. All of their children and their families were home for the occasion.

Father's Day Dinner

Mr. and Mrs. George Ackland entertained with a dinner Sunday at their home, Mr. and Mrs. Marion Ackland and daughter of Rockford; Mr. and Mrs. Lloyd Ewald and family of Rochelle; Mr. and Mrs. George E. Ackland and family of near Shabbona, and Mr. and Mrs. Clarence Ewald and daughters.

Mr. and Mrs. A. C. Rapp and daughter Vera and Mr. and Mrs. Perry Beitel were visitors in Rockford Sunday evening.

Mr. and Mrs. L. D. Hemenway were visitors in DeKalb Monday forenoon.

Mr. and Mrs. M. M. Fell and daughter June attended church in Polo Sunday and were dinner guests of Rev. and Mrs. Clifford Gierston.

Father's Day Dinner

Mr. and Mrs. L. D. Hemenway and Mr. and Mrs. Merwin Hemmaway and family were dinner guests Sunday of Mr. and Mrs. Lester Ream of Huntley in honor of Father's Day.

Attends Banquet

Mr. and Mrs. Charles Diller attended a bankers' banquet held at the Pines state park lodge Tuesday evening.

Mr. and Mrs. Joe Beardsley spent the week end in Chicago at the home of their son John and family.

Mr. and Mrs. Vernon Noyes and daughter Lucille and Miss Elizabeth Hochstrasser were dinner guests Sunday of Mr. and Mrs. Clyde Grimes of near West Brooklyn.

Mrs. John Phipps and son Ned went to Bellwood Sunday to spend a few days at the home of Mr. and Mrs. August Montague.

Birthday Dinner

Mr. and Mrs. Orville Byrd and son Donald and Charles Crawford of Omaha, Neb., and Mr. and Mrs. Charles Diller and Mr. and Mrs. Phillip Schoenholz of Scarboro were dinner guests Sunday of Mr. and Mrs. G. P. Levy. The dinner was in honor of the birthdays of seven of those present.

Steward Methodist Church Sunday, June 27, is conference Sunday. There will be no services at the Steward church. The pastor is spending this week in Chicago attending the sessions of the conference which meets at the Temple.

Sunday afternoon the ladies of the Mighty Pleasant Group, with their families, will enjoy their annual picnic at the Rochelle park.

Thursday afternoon the WSCS will hold its general meeting at the church. Miss Hattie Andes is hostess chairman, to be assisted by Mrs. Yetter, Mrs. Hough, Mrs. M. Ewald and Miss Hochstrasser. Mrs. Perry Beitel will have charge of devotions and Mrs. Ball will have charge of the lesson.

Local Boat Co. Invites Military Group on Trip

The Villiger Boat company has invited the members of the military training course, instructors and sponsors, to be their guests on a boat trip to Lowell park Friday evening.

The trip will start from the Villiger boat docks on the north bank of the river at East Boyd street, at 6:30 p. m., and the party will stop at Lowell park for a swim.

All members, instructors and sponsors are requested to be at the boat house not later than 6:30 p. m.

Rocking yourself out of a mud-hole by using the clutch, first forward and the backward, can result in damage. The clutch, you know, was not intended for jerky tasks.

Ashton Boy Enlists Pet Dog

—Telegraph Photo and Engraving

Five-year-old Lloyd Greenfield, son of Mr. and Mrs. Edward Greenfield of Ashton, who has enlisted his pet dog into the armed service. "Peanuts," police and German shepherd but two years old, is the first dog to enter the service from the vicinity of Ashton. He was taken to Chicago Saturday where he was to be inducted and assigned for his basic training.

Soldier's Unfaithful Wife, Clergyman Are Given Year in Jail

Geneva, Ill., June 24—(AP)—Judge Olney C. Allen of the Kane county court yesterday sentenced Mrs. Elizabeth Boyd, 21, and Dorris Treese, 30, clergyman-prisoners, to one year each in prison on their pleas of guilty to charges of adultery.

Both were arrested last week on complaint of Staff Sgt. Raymond C. Boyd, St. Louis, Mo., who returned on an unexpected furlough from his station on the west coast.

Treese's wife and three children live in Carterville, Ill. The Treese family formerly lived in St. Louis and were neighbors of the Boyds.

Schnackenberg Will Not Seek Return to His Seat in House

Springfield, Ill., June 24—(AP)—Speculation on the 1944 state election campaign turned today to Rep. Elmer J. Schnackenberg of Chicago, speaker of the house of representatives since 1941, who announced last night that he would not be a candidate for reelection to the house.

The veteran Republican legislator made the announcement at the biennial dinner for house members and it aroused immediate conjecture that he might run next year for United States senator or some state office.

Later he told reporters he envisioned no definite political future but said quitting the house did not necessarily mean he would retire from political life.

"I have no political plans," he said. "I have decided very definitely that I will not run for the house again. The speaker's duties are very exacting, and I think 12 terms in the house are enough."

He declined to comment directly on a suggestion that he might seek the GOP nomination for state office or for U. S. Senator.

House Members Puzzled "Others would have something to say about that," he said, smiling.

House members were puzzled when Schnackenberg referred to the dinner as "likely to be my last one as a house member". Later he confirmed the interpretation that he would not seek reelection.

The Chicago attorney, 53, was first elected to the house in 1912, from Chicago's 13th district. He has served continuously since 1922, and was a Republican floor leader in 1933 and 1937.

In 1939 friends of Schnackenberg launched a campaign to nominate him for governor, prior to the nomination of Governor Green.

In 1935 he said he would not consider running for congress because he would not be able to maintain his family in Washington on a congressman's salary.

Schnackenberg has six children, three of whom are serving in the armed forces. He was born in Indianapolis, August 22, 1889, but has spent most of his life in Chicago. For the past 30 years he has practiced law there.

Army bombers and transports can fly from North Africa to Palm Beach in 15 hours.

Twelve thousand worshippers can be accompanied by the cathedral at La Paz, Bolivia.

Municipal Band to Open Its Concert Season Friday Eve

Director Orville Westgor of the Dixon Municipal band has announced the opening concert of the summer season to be given on Friday evening at 8 o'clock at 8 o'clock at the John Dixon park. The program as arranged is as follows:

Amicizia, march—Chambers. Stradella overture—Flotow. A Merry Life—novelty. Ballet music from Faust—Gounod.

As Time Goes By, popular. Vocal chorus by Eugene Lebre. Holiday, march—Cummings. My Dream Concert, waltz—Waldteufel.

Men of Ohio, march—Fillmore. Rio Rita, selection—Tierney. Canadian Capers—novelty. The Footlifter, march—Fillmore.

Feature Horse Show in Kewanee on July Fifth

The agriculture department of the Kewanee Chamber of Commerce has forwarded entry blanks to many horse owners in this locality together with the announcement of a horse show in that city starting at 7 o'clock on Monday evening, July 5. The proceeds from the show are to be used in extending the 4-H club program in Henry, Bureau and Stark counties. Howard D. Jehu, secretary, has announced a program of 12 events in the three and five gaited classes, with attractive prizes in each. The events are as follows:

Amateur three-gaited pleasure; children's pony class; fine harness, (stake); pair class; Gay Nineties open to any vehicle or combination of hitchers; roadster single, (stake) driven to bike; stock class; five-gaited amateur pleasure; open junior horsemanship, riders under 18 years; three-gaited, (stake); bridle path class, amateur riders only and the five-gaited, (stake).

Axel Madsen is not competing in the program but will present a special exhibition.

Three-Day Strike Ends at Waukegan Factory

Waukegan, Ill., June 24—(AP)—A three-day strike of 175 workers in the magnesium department of the Johns-Manville Company's Waukegan plant ended yesterday when the members of Federal Labor Union 1508 (AFL) voted to return to work today.

E. R. McDonald, regional head of the United States conciliation service, told company and union officials no action would be taken to settle a previous dispute, certified to the War Labor Board on June 13, until the current strike ended. The union accepted his recommendation that present arrangements be accepted until both disputes can be settled.

The men walked out Monday protesting the appointment of a new foreman and charging seniority rights had been ignored.

Cochell Believed Likely to Defeat Favored Segura

Evanston, Ill., June 24.—(AP)—That likeable rowdy from Southern California, freckled Earl Cochell, now looks like the man who might give favored Francisco "Pancho" Segura his best scrap before the upper bracket singles winner is determined in the National Collegiate Athletic Association Tennis Championships.

No one has come close to upsetting the nationally fourth ranking Ecuador native who plays for the University of Miami. Pancho defeated Walter Driver of Texas yesterday, 6-3, 6-2, to advance to the quarter finals while Cochell was moving ahead at the expense of the Big Ten champion, Roger Downs of Northwestern, 6-1, 6-4.

Segura was paired today with Wayne Anderson of Tulane, a 7-5, 3-6, 7-5 winner yesterday over Ben Press of U. C. L. A., while Cochell was matched with Big Robert Odman of Washington. Odman won yesterday from William Bauman of William and Mary, 6-4, 6-3.

Met Before Cochell and Segura have met before—in the 1941 Eastern Grass Courts Tournament at Rye, N. Y., when Pancho was making his first United States appearances—and Cochell won, 7-5, 6-2.

Tom Brown, Jr., of California, seeded No. 2, still is the lower bracket favorite. A 4-6, 6-2, 6-0 winner yesterday over Bob Wasserman of Ohio State, Brown is matched today with Robert Kimbrell of Southern California, an 8-6, 6-2 victor over Robert Smid of William and Mary.

The other lower bracket survivors are Earl Bartlett of Tulane, seeded No. 4, and James Evert of Notre Dame, ranked No. 5. Bartlett won yesterday from Vincent Potre of U. C. L. A., 6-1, 6-1, and Evert beat Erwin Schulz of DePauw, 6-4, 6-1.

NO SEPARATE PEACE Chungking, June 24—(AP)—China will reject any Japanese attempts to persuade her to make a separate peace, a government spokesman declared today, reiterating assertions that his country will fight on with the United Nations until victory is won.

More motor blocks are cracked in March because motorists grow careless, feeling that winter is almost over and that further checks on anti-freeze are unnecessary.

In Revolutionary times American Marines were called "gentlemen sailors."

Explosions in body cells generate human energy, according to a famous surgeon.

A night hawk is closely related to the whippoorwill and is not a hawk at all.

FALSE TEETH That Loosen Need Not Embarrass Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Holds false teeth more firmly so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug store.

Downstate Plays Against Chicago In Semi-Finals Today

Chicago, June 24.—(AP)—It was downstate vs Chicago today in the semi-finals of the 10th annual Illinois women's golf tournament.

In one of the sectional feuds, Marjorie Lindsay of Decatur, whose remarkable putting helped her to a 20 hole victory over Dorothy Foster of Springfield yesterday, opposed one Chicagoan—Virginia Ingram of Sunset Ridge, the defending title holder.

Three years ago, when the Decatur girl made her first start in the Illinois tournament, she met Miss Ingram in a first round match and won.

Today's other duel pitted Ruth More, the long driving Peorian, against Mrs. Fred H. Krauss of T. A. O'Shanter, Cook county champion.

The semi-finalists, with the exception of Miss Lindsay, all advanced yesterday at the expense of Chicagoans.

Forced to 19 Holes Miss Ingram was forced to go 19 holes against Virginia Nilles of Park Ridge after leading most of the way. Miss More stepped away from Mrs. F. W. Zimmerman of Edgewater on the last nine to win, 4 and 3. Twelve holes were halved in the match in which Mrs. Krauss edged out Mrs. F. P. Hammond of Olympia fields, 3 and 1.

However, the Lindsay-Foster match provided the most excitement. Ability to sink long putts enabled the Decatur girl to hold a 2 up advantage at the turn. But a strong comeback by Miss Foster, 1934 champion and runner up last year, pushed her ahead at the 17th hole. Miss Lindsay squared the match on the 18th green with a 10 foot putt. The next hole was halved and on the 20th Miss Foster tried to carry beyond a creek with a long wood shot, but failed, finishing with six while Miss Lindsay carded a five.

In Revolutionary times American Marines were called "gentlemen sailors."

Explosions in body cells generate human energy, according to a famous surgeon.

A night hawk is closely related to the whippoorwill and is not a hawk at all.

NOW SHE SHOPS "CASH AND CARRY"

Without Painful Backache
Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.
When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up at night, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sensations show there is something wrong with your kidneys or bladder.
Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

11 a. m. Morning service.
Monday evening at 8 o'clock the young people of all three Paw Paw churches met at the Baptist church for their regular meeting.

Thursday evening 7:30 o'clock Earl Tyreman's class will enjoy a party at the church.

Saturday evening 6:30 o'clock Mrs. Frank Nangle's class and Glenn Beemer's classes joined to have a picnic lunch at the high school park.

All of the Paw Paw churches will join and present their annual picnic, Monday, July 5 at the school grounds. All are urged to attend.

Baptist Church

10 a. m. Sunday school. Mrs. Forest Bremer, superintendent. Classes for all ages.

Morning worship 11 a. m. Junior Brewer will deliver the sermon.
Thursday at 8 p. m. the prayer meeting will be held. Mr. hunter is the leader.

Rebekah Meeting

Several of the members of the Paw Paw Rebekah lodge went to Earlville, Friday evening where they with the Mendota Rebekah lodge visited the Earlville lodge. The initiatory work was beautifully done and there were six new candidates initiated into the Earlville lodge. Those attending this impressive meeting from Paw Paw were: Mrs. Blanche Roberts, Mrs. Anna Miller, Mrs. Louise Zuber, Mrs. Nellie Collins, Mrs. Lewis Clemons, Mrs. Mary Burnett, Mrs. Marjorie Cooke and Mrs. Elizabeth Zuber.

Junior Woman's Club

The members of the Junior Woman's club met at the home of Mrs. John French Thursday evening. A delicious 7:00 o'clock picnic supper was enjoyed by all and an election of officers was then held. Those selected to serve during 1943-44: President, Mrs. John French; vice president, Mrs. Howard Plancher, secretary and treasurer, Mrs. Corda Rogers. The newly adopted daughter, Jacqueline Ann of Mr. and Mrs. Bruce Wheeler was honored with lovely gifts by all of those present. This was the last get together of the ladies for this season and everyone reported a pleasant evening. The group will hold their next meeting in September and it is the hope that those gatherings will be as pleasant as those of this year.

New Addresses

Several of the local service men's new addresses have been received and those letters you have been writing are deeply appreciated. Across from the first two names you will find the date of his birthday. Let's all send him our greetings.

BOWEL WORMS CAN'T HURT ME!

That's what you think! But ugly roundworms may be inside you right now, causing trouble without your knowing it. Warning signs are: uneasy stomach, nervousness, itching parts. Get JAYNE'S Vermifuge right away! JAYNE'S is America's leading proprietary worm medicine: scientifically tested and used by millions. Acts gently. Be sure you get JAYNE'S VERMIFUGE!

They'll Do It Every Time

val Air Station, Barracks 77, Corpus Christi, Texas.

July 27—Private Earl W. Prentice, 39240002 A.P.O. 887, c/o Postmaster, New York City, New York.
Private Ellman Crouch, Class 76 Co. P. T. R., Fort Benning, Georgia.

Missionary Society Meets

Mrs. Orla Nangle entertained the members of the Presbyterian Missionary society at her home Wednesday afternoon for their regular meeting. The usual business transactions took place with the group discussing the study lesson "Philippine Islands." This was followed by the hostess serving delicious refreshments. Mrs. Turks and Mrs. Rosenstone became new members of the society about a month ago. The next meeting will be held Wednesday, July 21 at the home of Mrs. Genevieve Fichtmaster. All are urged to attend.

Blessed Events

A baby boy was born to Mr. and Mrs. Donald Ulrey at Los Angeles, Calif. on Saturday, June 19. The young man weighed 7 pounds 3 ounces and has been named Donald Edwin. Mr. Ulrey is with the United States Marine corps and is somewhere overseas. Mr. and Mrs. Donald Ambler are the proud parents of a baby girl born Monday morning at 11 o'clock at the Harris hospital in Mendota. The infant weighed 7 pounds, 2 ounces and has not been named as yet.

Locals

Private Irvington Hof, of Camp McCoy, Wis. Mr. and Mrs. Lewis Shaddick and daughter Joyce and son Robert, and Mr. and Mrs. Theodore Eich were Monday eve-

ning visitors at the Otto Lou home in LaMoille.

Making of Paper Cups Is Prohibited by WPB

Washington, June 24—(AP)—The manufacture of paper board cartons to carry soft drinks has been prohibited, the War Production Board announced today.
About 12,000 tons of paper board will be saved annually, WPB estimated, adding that present inventories of the containers are large and should, if carefully used, last out the summer.

TRAINS IMMOBILIZED

Washington, June 24—(AP)—The combination of allied air raids and railway sabotage inside France has been immobilizing about 200 trains daily, according to information reaching Fighting French headquarters here through persons escaping from German-occupied Europe.

—Photographs produced of all pictures appearing in The Telegraph that have been taken by our photography staff—at small cost.

WHAT HAPPENED TO FLETCHER'S CASTORIA

AFTER SEVEN WEEKS

of intensive work, laboratory researchers have discovered the reason why certain batches of Fletcher's Castoria caused nausea.

Methods of preventing a recurrence of the trouble are now known and manufacture is being resumed.

No Fletcher's Castoria has been made during this seven-week period, and at its beginning the makers issued a nationwide warning to consumers and retailers not to use or sell the product and to return all stocks for destruction.

The U. S. Food and Drug Administration has been kept informed of all these developments.

Q. What caused the trouble?

A. The sugar content of Fletcher's Castoria was reduced to conserve sugar under wartime conditions. A year ago, Castoria was made with this reduced sugar content and was up to standard in every respect. This year, in March, we again started production with reduced sugar.

However at that time a chemi-

cal change—harmless in itself—occurred in the characteristics of the water used in making Castoria. But this change, in combination with the reduced sugar, increased the degree and rate of normal fermentation. The more rapid fermentation retarded normal re-oxidation during the ageing process, resulting in a product which caused nausea.

Q. Why didn't normal tests show that something was wrong?

A. The changes which occurred were so elusive that they could not be detected by the regular testing procedures—procedures which had kept Castoria a respected product for more than seventy-five years. In fact, even after the nauseating effect was discovered in actual use, it took weeks of laboratory research to identify the factors that were causing the trouble.

Q. What are the makers doing to prevent a recurrence of the trouble?

A. Now that the cause is known, procedures have been put in effect which will assure normal re-oxidation of the prod-

uct. Additional safeguards have been set up. New laboratory controls have been installed. New biological and chemical tests will be applied to every batch of Fletcher's Castoria. Each bottle will be stamped with a plainly visible control number, in verification of these tests.

Q. Is Fletcher's Castoria now on sale?

A. No. Manufacture has been resumed, but because of the time required for manufacture and distribution it may be about two months before Castoria will again be on sale at your retailer's. When it is, you will be notified in your local newspaper.

Q. Will the package be the same?

A. No. The Fletcher's Castoria now being made will bear a distinctive green band. This green band is for your protection in case any old Castoria has not been returned.

THE MANUFACTURER OF FLETCHER'S CASTORIA

NEW ARRIVAL

News today is of the arrival of a daughter, Victoria Elizabeth, to Chaplain and Mrs. Allan A. Zaun of Annapolis, Md., born on June 16.

Mrs. Zaun is a sister of Gordon S. McDonald of this city, and with her husband, he visited here several times.

Before entering the service, Chaplain Zaun was associate pastor of the Fourth Presbyterian church in Chicago. He enlisted in the navy in Dec., 1941, and was called into service in June 1942. On August 1, 1942 he became the chaplain at the United States Naval academy at Annapolis.

Friends of the Zauns will be glad to hear of the arrival of their young daughter.

Engagement Is Announced at Mount Morris

Mr. and Mrs. Morris Rowe of Mount Morris have announced the engagement of their daughter, Lois, to air cadet William Tremble, Jr., son of Mr. and Mrs. William Tremble of Oregon. No date has been set for the wedding.

"Bill" as he is better known, is taking a pre-flight course at the University of Iowa, Iowa City, after completing his basic training at Ball State college, Muncie, Ind.

FAMILY REUNION

When members and friends of the Dirks and Eggerichs families met at Sinnissippi park in Sterling Sunday for their annual reunion, three generations of both families were represented. The senior member present was Mrs. Ida Eggerichs of Dixon. Harvey Eggerichs of Dixon, also attended.

Former Resident Is Married in Jefferson City

Miss Mary Loy Stegmaier, daughter of Mr. and Mrs. Otto Charles Stegmaier of Jefferson City, Mo., became the bride of Roscoe P. Carney, Jr., son of Dr. and Mrs. R. P. Carney of Davenport, Iowa, at 10 o'clock Thursday, June 17, at St. Peter's church in Jefferson City.

Rev. J. A. Vogelweid read the ceremony and Rev. Alphonse Schwittale, S. J., was celebrant for the nuptial high mass with Rev. Vogelweid and Rev. C. Cockery of Chicago, a cousin of the groom, serving as deacon and subdeacon.

Palms and woodwardia fern interspersed with numerous white lilies, gladioli, larkspur and stock formed the background for the ceremony, preceding which Miss Mildred Vogel sang "On This Day O Beautiful Mother" and also the "Ave Maria" during the nuptial mass.

The bride, who was given in marriage by her father, wore a gown of mousseline de soie over ivory satin with full overskirt of mousseline over a ruffled hoop skirt extending into a long flaring train. Her veil of tulle was attached to a coronet of orange blossoms and she carried a shower bouquet of stephanotis centered with white orchids and a sterling and white rosary, the gift of the groom. Her only ornament was a diamond pin, a gift from her parents.

Her sister, Miss Marie Therese Stegmaier, served as maid of honor, and Miss Ollie Wheeler as bridesmaid. Their gowns were of yellow marquisette fashioned with fitted bodices and bracelet-length sleeves. Both wore large picture hats of yellow horsehair braid with matching streamers and carried shower bouquets of mixed flowers in lavender hues.

Thomas P. McCarthy of Davenport served as best man with the following ushers: Otto C. Stegmaier, Jr., brother of the bride, Edward Kinsella, Hickman Howell, Roy Pinelli and Robert Collison.

Immediately following the ceremony a wedding breakfast was served to 50 guests at the Hotel Governor, followed by a reception for 150 guests from two to four o'clock in the mezzanine parlors of the hotel. Mrs. Robert Audenspring of Belleville, Ill., and Miss Ruth Carney of Dixon, presided at the tea table.

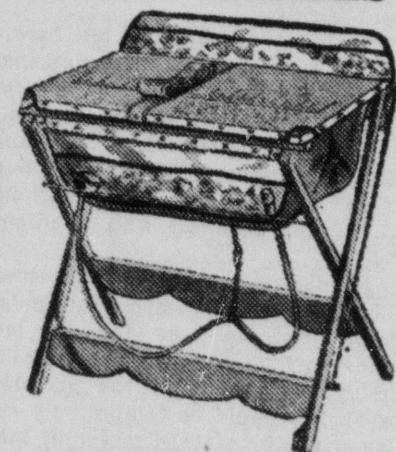

Among those from out of town who attended the wedding was Mrs. Ed Vaile of Dixon.

Late in the afternoon the couple left on a honeymoon of undisclosed destination, following which they will make their home in St. Louis where the groom will complete his internship at St. Louis university.

SUNSHINE CLASS
The Sunshine class of St. Paul's Bible school, will have a picnic dinner at the home of Mrs. Hannah Miller Friday, June 25.

Those who wish transportation are asked to please be at the church not later than 11 o'clock on Friday. Regular picnic rules will be observed.

WE HAVE BATH TABLES

Lorraine Ide Is Feted at Party

The Past Noble Grands club of Rebekah lodge entertained last night at the Odd Fellows hall, in honor of Mrs. Lorraine Ide, the former Lorraine Hull, who is a member of the past grands club.

Bunco was the evening's entertainment with prizes going to Mrs. Ide and Mrs. Katherine Shaulis. Delicious refreshments were served at tables decorated in patriotic colors.

A beautiful gift was presented to the honored guest by the club. Also gifts by Mrs. Marion Deets, Mrs. Nellie Van Meter, and Mrs. Odette Kime, invited guests. Mrs. Bess Seibolt was also a guest.

Rockford Woman Celebrates Her 100th Birthday

Rockford, Ill., June 24—(AP)—Mrs. Sarah Willis Pierce is celebrating her 100th birthday anniversary today, secure in the knowledge her kin have helped preserve American freedom. Her grandfather fought in the war of 1812. Her husband was a lieutenant in the Civil War. Two of her grandsons are in the armed services in the present conflict.

PINE NEEDLES CLUB MEETS

The Third Pine Needles 4-H club meeting was held on June 15, at the home of Mrs. Dwight Price.

Donna Butterbaugh gave a reading and Lois Lindsey gave a talk on "How to Save Your Clothes." Elaine Last gave a talk on "How to make women's clothes out of a man's suit." Margaret Lindsey gave a demonstration on "What should be in a first aid kit." Rita Jane Weller and Barbara Price gave a cooking demonstration.

The meeting was adjourned and refreshments were served. The next meeting is scheduled to take place on June 29, at the home of Mrs. Elmer Lindsey.

GREETINGS SENT FROM CALIFORNIA

We received a nice card today from Pfc. and Mrs. Robert Vest, stating that they are now back in sunny California. They are now at Monterey, Calif., only one mile from Del Monte.

In describing Del Monte, they say that it is in the heart of a 20,000 acre forest of pine, cypress and live-oak. The Hotel Del Monte is one of the great hotels of the world, and, for decades, the resort best loved by Californians.

The town is a small Spanish town and is 127 miles inland from San Francisco. At this time of year, the magnolia trees are in full bloom. The Vest's are at home at 201 Van Buren street, Monterey, Calif.

Calendar

Tonight
Foreign Travel Club—Picnic supper at the home of Dr. and Mrs. Z. W. Moss, 6:30 p. m.

Here's How to Look Your Best Before a Camera

JOAN HOWARD: Photogenic By ALICIA HART NEA Staff Writer

Are you planning to have your picture taken for your beau in the service? Then be sure it's one he'll be proud of and will lose no time in pinning above his bunk. 'Cause all the boys like to boast about the gorgeous gal they left at home, and you wouldn't want to spoil it all with a picture that doesn't make you look your best.

Before going to the photographer, study these tips which Joan Howard, artist's model and CBS radio actress, says will make you much more photogenic.

Dance Provides 2,500 Smokes for Soldiers

A membership card and cigarettes were the price of admission at a dance given recently by the Dixon Dependable club at the American Legion hall.

Music for the occasion was furnished by Bill Cooper's talented band, assisted in song by Betty Snader. Jim Brady's maneuvering of those silver spoons were greatly enjoyed by the dance goers.

Approximately 2,500 cigarettes were delivered to Miss Josephine Nichols, who is to see that delivery is to be made to the boys at Camp Grant hospital.

CARD PARTY
Saturday evening, Mr. and Mrs. Will Fitzpatrick entertained for Lieut. and Mrs. Joseph Doran of Hot Springs, Ark.

Games of 500 were played during the evening and prizes went to Ross Doran and Mrs. Joseph Doran, Sr. Low prize went to Professor Lynch and Mrs. Joseph Doran, Jr. Guest prizes were awarded to Lieut. and Mrs. Doran and Stephen Doran.

At the close of the games, delicious refreshments were served.

LEGION AUXILIARY
The American Legion auxiliary met last evening for their regular business meeting at the American Legion hall. A report of the standing committee chairman was read, and it was decided to have only one meeting during the month of July and August. The July meeting will take place on the 28.

Grain News

Chicago, June 24 (AP)—“With a week of favorable weather,” the weather bureau crop report said, “the corn crop showed noticeable recovery of at least a part of the ground lost from previous unfavorable conditions. Under the influence of warmth and sunshine growth of the early crop was generally good and the late-planted crop improved favorably.”

“It is quite evident that a more prolonged spell of settled weather and sunshine is needed to bring about plant development up to normal in all three Canadian prairie provinces,” the Dominion bureau of statistics said. The report said moisture condition appeared to be satisfactory in Manitoba, generally good in Saskatchewan and very unfavorable in parts of Alberta.

H. L. Robison of the Robinson Elevators Company of Kansas, in discussing the new wheat crop, said, “We believe that if prices paid to the farmer are 2 to 5 cents above the loan, a large amount of wheat will be sold. If, however, prices are at the loan rate or below, we expect a big percentage to go to storage, whether a loan is taken or not.”

Chicago Produce

Chicago, June 24 (AP)—Potatoes, arrivals 109; on track 264; total US shipments 1305; supplies moderate; for California long whites demand good, market steady; for southern stock steady; for market, weak.
Poultry, live: 15 trucks; firm; prices unchanged at ceiling.
Butter, receipts 1,048,573; steady; prices as quoted by the Chicago price current are unchanged.
Egg receipts 22,220; firm; fresh, graded, extra, firsts, local 39 1/2, cars 39 1/2; firsts, local 39, cars 39 1/2; current receipts 38, dirties 35 1/2; checks 35 1/2.
Egg futures, No. 2 contract close Oct. 43.15.

Chicago Livestock

Chicago, June 24 (AP)—Salable hogs, 12,000; total 20,500; fairly active, on weights 240 lbs down; steady to strong with Wednesday's averages; others slow; steady to 10 lower; extreme top 14.10; bulk good and choice 180-240 lbs 13.85@14.05; comparable 240-360 lbs 13.65@90; few ables and choice 150-180 lbs 13.90@90; bulk good 330-500 lbs sows 13.50@40; few choice to 13.50.

dispute between the operators and union.

Several mines were picketed in southwestern Pennsylvania yesterday but all was quiet in that area today and no further picketing was reported.

Protest Lack of Contract

The miners staying home protested the lack of a contract, and the deadlock over the portal-to-portal pay issue which the War Labor Board said should be settled in the courts. Some also noted that the UMW policy committee, in ordering the membership back to the mines, set no date for work resumption.

A union spokesman said at Washington today that the policy committee meant the miners should resume work immediately or as soon as physical conditions permit, and that all district officials knew this.

The Pittsburgh Coal Company, second largest commercial producer, reported nearly 3,000 men working today, compared with 170 yesterday. More than half its employees were still idle.

All four mines of the Jones & Laughlin Steel Corporation near Pittsburgh remained idle.

Late yesterday and last night, after receipt of the telegram from John L. Lewis and the union's policy committee, local after local shouted down the suggestion to go back without a contract or their demand extra pay four underground travel.

“The boys may be a little slow returning, because they are very angry about the raw deal they got, but most if not all will be back by the first of next week,” predicted John P. Busarello, president of the union's Pittsburgh district 5.

John Kramrich, a district organizer for the union, asked one local to reconsider its no-work vote. Hecklers shouted at him:

“We don't work for you any more—you guys got us nothing!”

“What's the use of paying dues to John L. Lewis when we are working for the government?”

England-to-Africa

(Continued from Page 1)

anese cities from bases in China and the Aleutians.

A Berlin broadcast said the RAF made nuisance raids on western Germany during the night—the fifth straight night of attack on the German home front—but apparently they were reconnaissance flights to check up on destruction inflicted in Tuesday night's great smash at Muehlheim in the Ruhr.

DRAMATIC TECHNIQUE

London, June 24 (AP)—A new technique of air bombardment was demonstrated dramatically by several squadrons of RAF Lancasters which early today completed a shuttle roundtrip from Britain to Africa, bombing a German target on the way down and an Italian port on the run home without loss of a plane.

The Air Ministry disclosed that the aircraft which devastated three acres of the old Zeppelin works at Friedrichshafen Sunday night continued to a North African base and returned home last night by way of La Spezia, blasting the naval base at the latter port.

This shuttle technique never was used before on a large scale at long range.

Air observers said the most obvious advantage was that the raiders were able to land and re-service without retracing a course along which the enemy defenses already had been alerted by the outward passage.

1,200 Miles Each Way

The Lancasters made a run of some 1,250 miles each way, going 500 miles to Friedrichshafen in southern Germany and presumably 750 miles more to the nearest North African bases.

On the way back they winged about 550 miles to La Spezia and 700 home.

Fifteen German raiders pounded Hull, northeast England port city of 250,000 last night, showering down thousands of incendiary bombs in an attack that lasted more than an hour and caused fires that were not controlled until today.

The casualty toll still was climbing as rescue squads dug out the bodies of those buried in the wreckage of their homes.

Deadly Cargo Unloaded

A deadly cargo of more than 15,000 tons of bombs had been unloaded on Germany in the past month by giant British bombers, two thirds of which have fallen on industrial centers in the Ruhr valley where the Nazis themselves admit “incredible” devastation.

According to British figures, 10,000 tons of explosives rained ruin in the period from May 22 to June 22 on seven arms centers in that area—Dortmund, Wuppertal, Essen, Bochum, Oberhausen, Krefeld and Mülheim.

Joining the RAF in this German-described “Battle of the Ruhr,” American four-engine bombers struck the synthetic rubber plant at Huls June 22 in their first venture into the highly industrialized valley, of which Propaganda Minister Paul Joseph Goebbels once said: “The destiny of the Ruhr is the destiny of German itself.”

The valley already has become the most bomb-shattered area in the world and the British said there is more still to come in the steadily mounting allied air offen-

sive against all axis-dominated Europe.

World's Best Target

The Ruhr, which has 54 per cent of the hard coal of axis Europe, 37 per cent of the pig iron, 34 per cent of steel ingots and castings, still remain, in the words of one high British official, “the world's best target.”

“You can't pick up a coal mine and carry it away,” he declared. “And Germany's transportation is strained already to such an extent that moving plants would seriously impede production.”

Industrial production in the Ruhr was said on June 9 to have fallen about 35 per cent under 1942.

The Nazis are making no attempt to conceal the devastation. In appealing to other parts of the Reich to pitch in and aid the refugees, the Berlin radio admitted the destruction was “incredible.”

FROM AFRICAN BASES

Allied Headquarters in North Africa, June 24 (AP)—British heavy bombers from the Middle East command swept across the Mediterranean to attack the enemy airdrome at Comiso in Sicily on Tuesday night while twin-engined Wellingtons from northwest African bases blasted Olbia in northern Sardinia.

Communications today said the heavy bombers caused two violent explosions and set two large and a number of smaller fires at the Comiso airfield and that the Wellingtons left several fires burning on the Olbia docks.

The bulk of the American air forces remained idle yesterday.

(The German overseas radio, in a broadcast recorded by Reuters in London today, quoted reports that the Italians had evacuated Castelrosso, easternmost island of the Italian-dominated Dodecanese group.

Close to Turkey

(Castellorosso—the ancient Megiste isle, the Greek name of which is Kastellorizo and the Turkish name Meis—lies less than five miles off the south coast of Turkey.

(The Italian high command declared in a Rome-broadcast communique that Italian torpedo planes had sunk a 15,000-ton steamer and damaged a 7,000-ton tanker off the Algerian coast while bombers raided Egyptian communication lines at Fuka and a Levant airdrome at Latakia “with good results.”

(Latakia, almost directly opposite the British island of Cyprus, might serve as a jumping off spot for U. S. AAF and British RAF offensive operations in the eastern Mediterranean.

(The Rome radio broadcast a dispatch, purportedly from Beirut, Lebanon, saying allied military authorities had offered a reward for the capture of any enemy agent. It reported that this was but one of several measures taken to conceal “offensive preparations along the northern Syrian frontier.”)

LULL ON RUSSIAN FRONT

Moscow, June 24 (AP)—An assertion in the Soviet midnight communique that Russian units had struck at German defense lines west of Belgorod stirred the speculation of Moscow military observers today, since the town, on the lower-central part of the front, long has been in German hands.

Belgorod is 40 miles northeast of Kharkov, which also is held by the Germans.

Whether the reported Soviet action west of Belgorod means the Russians have captured it recently, without making any public announcement, or whether they merely slipped around the town for a quick thrust remains to be explained here.

Except for this sortie, the land front continued in its lull.

Rationing News

Washington, June 24 (AP)—Blue food ration stamps N, P and Q, from Book number 2, will be valid from July 1 to August 7, inclusive, the Office of Price Administration (OPA) announced yesterday. These stamps are intended for purchases of processed food stamps for June, K, L and M will remain valid during the first seven days of July and a similar seven-day carryover period will prevail for the July stamps through August 7.

In announcing a policy of continuing the seven-day overlap period for subsequent months, OPA said the carry-over made shopping more convenient, especially for persons living in remote sections.

Validity dates for red stamps to be used during July will be announced shortly, OPA said.

Detroit Riot

(Continued from Page 1)

tury. Before the start of the war, President Roosevelt already loved to preach to Europe, while at the same time fostering the divisions profitable to his imperialistic policy.

“Today, on the morrow of the bloody incidents of Detroit, the French people, imbued with a sense of social justice, realize the dangers for European civilization inherent in the American aims of world domination.”

About 75 per cent of the earth's surface remains unexplored—the part that is covered by water.

Terse News

Lt. Col. Dixon Returns—

Lieut. Col. Sherwood Dixon who is stationed at Camp Shelby, Miss., arrived Tuesday evening to spend the remainder of the week on a leave of absence.

Licensed Here to Marry—

A marriage license has been issued by County Clerk Sterling Schrock to John Bell of this city and Miss Daisy L. Williams of Louisville, Ky., both colored.

Latta Case Continued—

William “Bud” Latta of Amboy was taken before Judge Grover Gehant in Lee County court today where a charge of adultery is pending against him. Judge Gehant continued the trial until July 24 at 10 a. m.

Smokes in Bed—Fire!

The fire department was called to the L. E. Antrim residence, 807 Second street, this morning about 7:30, where a fire in a bed room was extinguished. According to members of the department, a roomer smoking while in bed set fire to the mattress and the bedding was scorched and the house filled with smoke.

Pvt. Robert Reynolds Home—

Pvt. Robert Reynolds, member of the U. S. Marine Corps, who has seen considerable action in the South Pacific war area, arrived home early this morning for an extended sick leave which he is spending at the home of his parents, Mr. and Mrs. James Reynolds, 1037 Highland avenue. For the past several weeks he has been a patient in a Marine hospital near San Diego, Cal.

Cardinals Defeat Reds—

Cincinnati, June 24 (AP)—Harry Gumbert held Cincinnati's Reds to seven hits today while his St. Louis Cardinal mates got to Bucky Walters and two relief hurlers for ten, and a 5 to 1 victory in a morning game attended by a swing-shift and knot-hole crowd of 5,892. Whitey Kurowski homered in the sixth.

Demonstrations Friday Eve—

Demonstrations of work being done in the daily vacation Bible schools will be given at 7:00 o'clock Friday evening—on the south side at the First Methodist church and on the north side at Grace Evangelical church. Children should be on hand at the respective churches 15 minutes before the designated hour.

Field Meet Tomorrow—

The Dixon Soil Experiment field meeting will be held tomorrow two miles west of Dixon on Rt. 330. There will be inspection of the fields, which will be followed by a discussion of how farmers in this territory can apply results in war-time to their own production efforts. Representatives from the University of Illinois will have charge of the meeting.

Two Women Seek Divorces—

Mabel A. Helfrich of this city has filed a petition for divorce from William C. Helfrich in the Lee county Circuit court, charging desertion. The couple were married in Dixon Aug. 25, 1924 and in her complaint, the plaintiff seeks to resume her maiden name, Mabel A. Williams. Attorney W. T. Terrill appears for the plaintiff. Betty J. Hamilton has instituted divorce proceedings against Leon Hamilton, charging cruelty. The couple reside in Nelson and in her complaint she seeks the custody of a daughter, Nancy Jo, and maintenance. Mrs. Hamilton is represented by the firm of Warner & Warner.

The War Today

(Continued from Page 1)

Goering promised the Germans an invincible defense against such air attacks, but it has been less than a year that the axis was doing plenty of tub-thumping over victories in the Mediterranean. Just a few quotes taken from the Rome radio of last summer are enough to show how definitely the picture has changed in our favor. They follow:

“It is now clear to everyone that the Mediterranean and the adjoining areas in the Middle East constitute the focal zone of the war. Italy dominates that zone.”

“Any question of supplying Malta from the eastern Mediterranean is now hopeless. (Radio Zeelen).”

“For the first time in the history of Egypt the Nile Valley is being invaded from the west. The Balbo road and the island of Pantelleria were both envisaged by the Duce's strategic foresight and duly prepared in years of peace. Now they permit the Italian and German armies in Africa to eliminate the word ‘impossible’ from their vocabulary.”

Now the German radio observes sourly: “What the population of these areas (the Ruhr) has had to endure lately is unbelievable.”

Stationery for those in all branches of the service. Price \$1.00 per box. Something very special. B. F. Shaw Printing Co.

4 Factors Given As Reasons for Light Shipments of Corn

Chicago, June 24 (AP)—Four factors were listed by grain men today as responsible for the light corn shipments from farm areas which have closed one corn refining plant threaten to shut others, and are causing a shortage of livestock feeding supplies in the east.

The first factor, they said, was a feeling among farmers holding surplus corn that they should receive higher prices for their product, and that eventually they will.

Corn is under OPA ceilings, set at parity minus deductions for benefit payments. Farmers believe the maximums should be at full parity. (Parity is a formula calculated to give the farmer the same purchasing power enjoyed in some favorable past period, usually 1909-14).

The original corn ceiling was \$1.05 a bushel for No. 2 yellow, Chicago basis. Then it was raised to \$1.07.

Illegal Market Reason

Grain men said another factor was the illegal market in corn. A. E. Staley, Jr., president of the Staley Manufacturing company of Decatur, Ill., said 95 per cent of the corn now being sold is going through the illegal market, with truckers roaming the countryside and paying 5 to 25 cents a bushel above ceiling prices.

Grain men explained that another element is that it is more profitable for a farmer to feed corn to his own hogs than to sell it in terminal markets.

The fourth factor grain men listed was a desire on the part of farmers with surplus corn to hold it until they can see how their crop for this year is developing. Floods delayed planting in the corn belt section.

Women's Equal Pay

(Continued from Page 1)

that opponents of the equal pay bill were being “gagged” when administration leaders forced a committee vote on the measure while David R. Clarke, Chicago, chief counsel for the manufacturers, was arguing against the measure.

It was Clarke who declared enactment of the bill would force some manufacturers, for competitive reasons, to move to other states.

“Under this proposed law,” Clarke said, “no plant employing substantial numbers of women and men could live in Illinois unless similar laws were enacted in all the other states.”

Rep. Edward Salliel (R-Chicago) countered: “That's the same argument that was made against the women's eight-hour day law, and it hasn't driven industry out of the state.”

“I'm not so sure it hasn't, replied Clarke.

Manufacturers “of any article” would be affected by the greatly amended equal pay bill, which provides that employers must not pay “unequal” wages to women and men performing the same work. The law would not be effective until July 1, 1944.

Republican Majority Leader Reed F. Cutler of Lewistown made the motion to report the bill out favorably while Clarke still had the floor.

Six Democratic and 10 Republican representatives joined in approving the motion. The five negative votes were cast by the Republicans: Reps. Rennick (executive committee chairman), Stransky, David Hunter, Searle and Virkus.

Voting to report the bill favorably were these Republicans: Reps. Allison, Brandon, Crowley, Cutler, Finucane, Friedland, Keller, Novelli, Lottie H. O'Neill and Salliel. Democrats joining them were Alpinier, Auth, Hruby, John G. Ryan, Sullivan and Wellinghoff.

Receiving only 63 of the needed 77 affirmative votes on the house floor yesterday was the ke bill under which the women's eight-hour day law and the six day week law could be temporarily relaxed by the state director of labor or acting on recommendations by a War Labor Standards Board which would be created.

Legislation Essential

The legislation is essential to maximum war production, labor director Francis B. Murphy has told legislators. If it fails to pass, he said his department will discontinue on July 1 the issuance of temporary relaxing permits.

Such permits have been granted under a “voluntary” program since January, 1942.

In the senate, meanwhile, sponsors of the administration's oil and gas conservation legislation said they would allow the bill to die on the calendar. Consideration had been postponed after the bill failed to pass two weeks ago.

TODAY on the HOME FRONT

by JAMES MARLOW and GEORGE ZIELKE

(Editor's note: The new pay-as-you-go income tax law calls for some extra figuring by many taxpayers. James Marlow and George Zielke discuss that section of the law in this issue of three daily columns explaining pay-as-you-go. Tomorrow: How the law affects men and women going into the armed services.)

Washington, June 24 (AP)—

About one taxpayer in every three still will have to make quarterly income tax payments under pay-as-you-go—including many who also come under the payroll deduction system of collection.

Generally speaking, the new tax law requires quarterly payments of all income and Victory taxes not paid through deductions from salary checks and wage envelopes.

The laws call for new tax returns, estimating 1943 income

Brooklyn Dodgers Only Half Game Out In National League

Dodgers Win Two From Giants As Cards Lose

By JUDSON BAILEY
Associated Press Sports Writer
The world champion St. Louis Cardinals are supposed to be the only big league team in the big leagues this year, in the frank opinion of the best judges of baseball talent, and this strangely enough is paying high tribute to the Brooklyn Dodgers.

The Cardinals are good; so good that they can keep players like Jimmy Brown and Johnny Hopp and Danny Litwhiler lolling on the bench. On the other hand the Dodgers are old and doddering, with doubtful pitching, a glaring infield gap and a confusing outfield.

Yet the standings today show that this outfit of oldtimers, of whom only one regular is under 30 years of age, is just half a game out of first place in the National League and harassing the Cardinals every step of the way.

Six Games Straight
Currently they are on a six-game winning streak with five of these victories coming at the expense of the New York Giants, who lost both ends of a doubleheader yesterday 7-2 and 6-0 and stumbled into the cellar.

In the first game Rube Melton pitched five-hit ball and in the second old Curt (Daniel Boone) Davis nearly treated the big week-day turnout of 27,547 paying customers to a no-hitter, going until two were out in the eighth inning before another veteran, Dick Bartel, tagged him for the Giants' first hit. Davis permitted another single in the ninth, but gave no walks.

Reds Take Cards
The Cardinals were clipped by the Cincinnati Reds 8-3 with the St. Louis ace, Mort Cooper, getting charged with his fourth defeat after being belted off the mound by a three-run fourth inning.

At Chicago the Cubs divided a doubleheader with the Pittsburgh Pirates to move out of last place for the first time since early May. Claude Passeau pitched a five-hitter to win the first game 4-1, but the Pirates battled back to take the nightcap 7-5.

The Boston Braves nosed out the Philadelphia Phillies twice 1-0 and 4-3 in a pair of air-tight pitching struggles. In the opener Red Barrett gave five hits to four Boston batters off Newt Kimball, but a single and a double were combined in the second inning for the game's lone run. Al Gerheauser and Al Javery wrestled for 11 innings in the afterpiece with Chuck Workman eventually breaking it up with a single.

The American League also produced some dazzling pitching, not the least of which was in a night game at Philadelphia as the Boston Red Sox beat the A's 1-0 on a fourth-inning home run by Leon Culberson. Boston was held to four hits by Rookie Don Black while the A's made five scattered

13 Juveniles Entered in Today's \$5,000 Stakes

By BILL EVANS
Thirteen juveniles were named overnight to enter the Arlington \$5,000 Primer stakes which will be the feature race on the Washington park program today. The field of thirteen youngsters who will run in today's \$5,000 race are all promising juveniles that have made recent good showings in tryouts. Many of the horses entered in today's race will probably meet a group of easterners which will come to the rich Arlington Futurity on July 24.

In today's race, John Marsch, a Chicago contractor and owner of Occupation, will have two fine horses on the track for the \$5,000 race. The horses entered by Mr. Marsch are Occupancy, a full brother of Occupation and Broadcloth, a brilliant runner who has won two of his last outings at the post. These two horses as an entry will probably go to the post as the favorites. The thirteen juveniles will go five and a half furlongs in today's race at Washington park.

singles of Oscar Judd, who gave way to Mace Brown for the final out in the ninth. The contest was interrupted for an hour and five minutes by a practice blackout.

Yankees-Senators Split
The New York Yankees and Washington Senators split a pair of shutouts to remain two games apart at the top of the standings. Milo Candini, the Senators' sensational rookie, achieved his seventh triumph without a defeat in the first game 8-0, allowing six hits and himself hitting a home run and a double. His victim was Spud Chandler, Ernie (Jumbo) Bonham retaliated in the second game with a 4-0 blanking.

Hal Newhouse limited the Cleveland Indians to five hits to win 3-1 in the first game of a doubleheader and then Cleveland captured the second 9-6 in 11 innings with a two-run homer by Jeff Heath in the final frame spelling victory. The game was played in the presence of 5,210 paying customers and 350 troops who were on hand to prevent any new outbreak of Detroit's racial troubles.

Sox Win
The Chicago White Sox advanced into sixth place by trimming the St. Louis Browns 4-3 with bunched hits for a pair of two-run innings.

Sports Roundup

BY HUGH FULLERTON JR.

New York, June 24—(AP)—Samples of V (for Van) mail: The other day Harry Markson, the Shakespeare of Swat, was reading a letter from APO—, care Postmaster, San Francisco. . . . It said, nearly as we can recall: "We have formed a boxing club here and have bouts against the Australian soldiers. Our clubroom consists of the four walls of a tent, surrounded by the dense jungles on New Guinea. We would like some pictures of fights and fighters to hang on these walls". . . . That's just one of many, Harry remarked, "I get so many like it that sometimes when I need a picture to use myself I find we don't have any".

Another letter was directed to this dept. by Pvt. Ray Stafford of the Columbia, S. C. Army air base. . . . "I live in Williamson, W. Va., and it is strictly a Cincinnati fans' town", he reported. "Frank McCormick is and always will be tops for me as a baseball player. . . . I wrote to Frank the other day and I received my biggest thrill when I received a letter from him and I showed it to everyone. . . . I say to leave baseball men out of the Army to keep the game going".

Is it necessary to point out what conclusions can be drawn?

DEFINITION DOUBTFUL
Abe Greene, the NBA president, says that Tony Galento's future exhibitions of pounding animated punching bags must be billed only as "entertainment" . . . and what kind of dictionary do you use, Abe?

QUOTE, UNQUOTE
Pvt. Clinton Bridges (former sparring partner of Joe Louis now at Sale Lake air base): "Look at what boxing taught me. I always managed to keep out of Louis' way".

SHORTS AND SHELLS
Fred Mandel and Gus Dorais have dug up a tackle candidate for their Detroit Lions who will sign only if arrangements can be made in Detroit for him to continue his study for an operative career. . . . Why not make him assistant coach and relieve Dorais of the task of singing the blues every Monday? . . . Bull Hulse, the N. Y. U. alumnus who broke the world record for two thirds of a mile the other evening, is a chemist whose work in a war plant is considered important enough to keep him out of the armed forces.

TODAY'S GUEST STAR
Bob Dunbar, Boston Herald: "We begin to surmise that lady baseball fans also are patriotic, because the attendance at ladies' day here have been so small that the logical explanation is that a lot of them have gone to work".

Hunters To Be Able To Purchase Ammunition
Washington, June 24—(AP)—There will be ammunition for the hunters who can show a need for it this year, government officials said today, but the gasoline shortage may yet save many a bounding buck.

Officials who said plans were under way to provide ammunition for civilian sportsmen, and to "see that it goes to those who need it," declined to say how distribution would be controlled. It was indicated, however, that each hunter's present supplies would be considered in fixing his allotment.

Total stocks in the hands of sportsmen are believed to be fairly large, but distributed so unevenly that some are stocked for the season while others haven't a thing.

Meanwhile, Ira N. Gabrielson, the wildlife division director, said sportsmen who can solve the gasoline as well as the ammunition problem can expect good hunting when the season rolls around.

—Attractive colored paper for the pantry shelves and bureau drawers. In rolls, 10 cents to 50 cents. Comes in green, pink, canary and white. — B. F. Shaw Printing Company.

Muir Woods National Monument, Calif., was visited by 135,823 persons during 1940.

Modern Recipes

—By—
MRS. GAYNOR MADOX
NEA Service Writer

Your victory gardens and grocery shops are alive with fresh vegetables. Use them freely in your menus now that they are so reasonable. Use baker's bread plentifully, too—enriched white, whole wheat, and whole rye. Baker's bread saves your own supply of rationed shortening and when you eat it at every meal, you are taking advantage of our vast wheat crop—one of our guarantees that Americans will win the war.

Try a week of protein foods that are not rationed. Use chicken, rabbit, eggs, peanuts, soy beans, dried beans and fish. Use your red points to lay in a supply of cooking oils and shortening, margarine, canned fish and canned meats for hot-day picnics.

If you serve garden fruits, berries and vegetables, including large bowls of mixed salad greens, and many kinds of wholesome bread, plus the non-rationed protein foods listed, you'll find that going without meat for a week is an agreeable experiment in wartime economy.

For workers' sandwiches, try these lively spreads.

2 tablespoons mayonnaise, 1/4 teaspoon salt.
Blend cheese and mayonnaise until creamy; season with salt. Keeps 2 to 3 weeks when stored, covered, in refrigerator.

Slaw Spread
Add to basic cheese spread 1/2 cup finely chopped raw cabbage, 3 tablespoons chopped salted peanuts, 2 tablespoons chili sauce.

Spicy Fish
Add to basic cheese spread 1 teaspoon fish paste, 1/4 cup finely diced celery, 1/4 teaspoon curry powder, 1 tablespoon minced parsley.

Molasses Nut Bread Without Shortening (Makes 1 loaf)
One-half cup New Orleans molasses, 1 cup milk, 1 1/2 cups whole wheat flour, 3/4 cup bread flour, 1/2 cup sugar, 1 teaspoon soda, 1/2 teaspoon salt, 1 cup chopped nut meats.

Mix molasses and milk together in a bowl. Mix the whole wheat flour, sugar, soda, salt and nut meats and stir quickly into the liquid. Mix until just blended, then pour into a greased and floured loaf pan (9 1/2-inch x 5 1/4-inch x 2 1/4-inch) and bake in a moderate oven (350 deg. F.) 50-60 minutes. Cool in pan before slicing.

Garden Mixture
Add to basic cheese spread—1 teaspoon minced onion, 1/2 cup grated raw carrot, 1/4 cup grated radish, 1/4 teaspoon celery salt, few drops lemon juice. (Keeps 3 weeks.)

Egg Relish
Add to basic cheese spread 2 chopped hard cooked eggs, 3 tablespoons chopped sweet pickle or pickle relish, 1/2 teaspoon grated onion.

Strawberries in Snow
Use baker's shortcake shells warmed in oven or plain cake cut in slices and slightly toasted. Heap with crushed, slightly sweetened berries. Top with "snow" and decorate with whole berries.

To make the "snow", beat the whites of 2 eggs, gradually adding 3 tablespoons sugar and 1 teaspoon lemon juice. If a Strawberry Snow is desired, whip in 1 cup of mashed, sweetened strawberries.

Blackberry Shortcake
Two cups blackberries, 1/2 cup sugar, or 4 tablespoons honey, 1/2 cup flour, 1/4 cup milk, 8 slices baker's loaf cake, 1 inch thick. Combine berries, sugar and lemon rind and heat together to dissolve sugar. Cut cake slices into small cubes. Arrange layer of cake cubes in bottom of greased casserole; cover with half the blackberry mixture. Repeat, making a top layer of cake. Cover and bake in hot oven (400 deg. F.) about 20 minutes. Uncover during last 10 minutes. Serve warm or cold, either plain or with lemon sauce.

Cake Croquettes
Two cups dry cake crumbs, 1 cup milk, 2 egg yolks, 2 tablespoons vanilla, shortening, 2 egg whites. Soak all but about 1/4 cup of cake crumbs in the milk for 1

hour. Heat; remove from flame and add egg yolks and vanilla, mixing thoroughly. Chill. Form chilled mixture into croquettes. Roll in egg whites, then in reserved cake crumbs. Brown in shortening in frying pan and serve hot with foamy strawberry sauce.

Sweet Potato Applesauce Pie
One pastry recipe, 1 1/2 cups cooked mashed sweet potatoes, 1 cup applesauce, 1/4 teaspoon each of ginger, nutmeg and cinnamon, 1/2 cup honey, 1/4 cup milk, 2 egg yolks. For meringue: 2 egg whites beaten stiff and 1/4 cup honey.

Mix the potatoes, applesauce, the spices, honey, milk, and egg yolks until smooth and evenly mixed. Line 8-inch pie plate with pastry. Pour in potato mixture; bake in a hot oven (40 deg. F.) for 10 minutes, then reduce the heat to moderate (350 deg. F.) and bake 25 minutes more. Remove from the oven; top with meringue made by beating the egg whites stiff and adding the honey little by little. Return to the oven until the meringue is browned.

Stuffed Onions (Serves 4)
Four large onions, 1 cup cooked lima beans, salt and pepper and bits of margarine and bread crumbs.

Parboil the onions 15 minutes. Remove slice from the top and scoop out the center leaving only the shell. Sprinkle each shell with a bit of salt. Chop 1 tablespoon of the onion from the centers and mix with the lima beans. Season to taste. Fill the onion shells, dot with margarine and cover with bread crumbs. Bake in a moderate oven (350 deg. F.) for 20 to 25 minutes.

Bean and Cereal Patties Spare Ration

Bean Patties
2 cups cooked dried beans
3 cups corn flakes
3 tablespoons finely chopped onion
1 egg
1 tablespoon catsup
1/4 teaspoon salt
1/4 teaspoon pepper
3 tablespoons fat
1 1/2 cups milk

Partially mash beans. Roll corn flakes into fine crumbs. Combine beans, corn flake crumbs, onion, egg, catsup, salt and pepper; mix well. Shape into patties; fry in fat until browned, turning only once. Serve with Catsup Sauce.

Yield: 6 patties (3 inches in diameter).

Note: Left-over boiled or baked navy, kidney or lima beans may be used.

Catsup Sauce
3 tablespoons butter or margarine
3 tablespoons flour
1/4 teaspoon salt
1/4 teaspoon pepper
3 tablespoons catsup
1 1/2 cups milk

Melt butter; blend in flour, salt, pepper and catsup. Add milk slowly, stirring constantly over low heat until mixture thickens. Serve over Bean Patties.

Yield: 1 1/2 cups sauce.

Sugar Allowance Should Be Used Wisely in Canning

Urbana, Ill., June 24—Sugar customarily used in canning fruits does improve their texture, flavor and color, but it does not prevent spoilage, according to Mrs. Madge Little, of the home economics extension staff, University of Illinois college of agriculture. When sugar is scarce, appearance and flavor take second place. Saving the fruit is the important thing, and this can be done with little or no sugar, provided the proper methods of sterilization are followed and a perfect seal is accomplished.

"While the present sugar ration for canning is more generous than some families will require, there are others that will have to make the best possible use of it in order to preserve their usual supply of fruits. One very good way to 'stretch' the canning allowance is to shift the sugar to suit the fruit. Instead of using the allowance of one pound for four quarts of all fruits, increase the proportion if necessary for tart varieties such as rhubarb and cherries, and then shorten the ration for the very juicy and sweet ones."

"Natural fruit flavors are more pronounced when a syrup is made of the crushed fruit or juice rather than using water. One very good method of preparing the juice is to crush and heat some of the smaller and riper fruit to boiling, using very low heat in order to prevent sticking and scorching. When the juice flows freely, strain and sweeten to taste. This can be cooked with the sugar to make a syrup or added to the fruit unsweetened."

"Another point worth remembering when canning fruit with little or no sugar is to preheat the fruit in the juice or syrup. This not only improves the flavor but makes it possible to get more fruit into the jar, which is good wartime economy in glass jars, caps and shelf space. Avoid packing the fruit too tightly, for a good proportion of fruit to juice is desired in the finished product."

Construction Work

1. Look out for those below you. Make sure that no one is in the way before you throw anything down. And do not leave material or tools where they may fall.

2. Test a scaffold plank with four times the load it may have to bear in actual use. Discard the plank if it shows the slightest sign of weakness, and mark it so no one else will use it as a scaffold plank.

3. Keep out from under suspended loads.

4. Report immediately any defective tools, ladders, or scaffolding.

5. Make sure that any temporary staging or platform is constructed safely enough for any load it will have to carry.

6. Don't work on, or attempt to fix, electrical apparatus, electric wiring, or machinery unless that is part of your job.

7. Make sure of your footing. More construction workers are killed each year by falls than in any other way.

8. Use life belts, goggles, hard hats, or anything else that will make your job safer for you.

9. Make sure your fellow worker understands what you are going to do. Misunderstandings may get you or somebody else into an accident.

The ninth and last article of this series will sum up ten fundamental safeguards for war fundaments.

At present there are 57,000,000 square miles of land and 140,000,000 square miles of sea on the earth.

Cornerstone of the U. S. Capitol was laid Sept. 18, 1793.

FLAKO PIE CRUST

STRAWBERRY PIE. Make a delicious, summertime fresh fruit pie with unrationed strawberries and Flako. Strawberries are now at their peak season. If, owing to war, your grocer hasn't any Flako (or Flakorn) today, check with him again tomorrow.

Job Accidents

ARTICLE 8
The skill and strength of our industrial workers must be guarded against accidents and diseases so as to carry through the war production program. With this end in view Secretary of Labor Perkins' committee to conserve manpower in war industries has compiled a list of do's and don'ts to keep workers from getting hurt. This is the eighth of a series of articles prepared by the United States Department of Labor so

for America has an abundant supply of this important food.

Bean Patties
2 cups cooked dried beans
3 cups corn flakes
3 tablespoons finely chopped onion
1 egg
1 tablespoon catsup
1/4 teaspoon salt
1/4 teaspoon pepper
3 tablespoons fat
1 1/2 cups milk

Partially mash beans. Roll corn flakes into fine crumbs. Combine beans, corn flake crumbs, onion, egg, catsup, salt and pepper; mix well. Shape into patties; fry in fat until browned, turning only once. Serve with catsup sauce.

Yield: 6 patties (3 inches in diameter).

Note: Left-over boiled or baked navy, kidney or lima beans may be used.

Catsup Sauce
3 tablespoons butter or margarine
3 tablespoons flour
1/4 teaspoon salt
1/4 teaspoon pepper
3 tablespoons catsup
1 1/2 cups milk

Melt butter; blend in flour, salt, pepper and catsup. Add milk slowly, stirring constantly over low heat until mixture thickens. Serve over Bean Patties.

Yield: 1 1/2 cups sauce.

Decatur Man Drowns in Effort to Recover Body of Youth from Sangamon

Decatur, Ill., June 24—(AP)—John W. Shinn, 47, drowned yesterday while attempting to recover the body of Oliver Tibbs, 17, who drowned Monday night in the Sangamon river. Shinn's drowning was the sixth this month in Decatur.

In trying to help Shinn by throwing him a rope, City Commissioner Bushrod Sattley himself tumbled into the river when he lost his balance. He was pulled out with the aid of a rope.

War Presents New Challenge to All Home Economists

Urbana, Ill., June 24—Women, especially those trained in home economics, have a unique contribution to make today whether in the army or behind the lines, says Miss Evelyn Smith, assistant professor of institution management, University of Illinois College of Agriculture. For those who have not taken a Red Cross nutrition and canteen course or some other refresher course, or perhaps a dietitian's aide course, now is the time to enroll and find a place to be of real service in the community.

"There is much we can and really must do, and this is our chance to make a real contribution to the war effort," Miss Smith said.

Most community hospitals are not only short of dietitians but of all helpers. Women who have had home economics training could and should volunteer to take the course that is now being offered by the Red Cross for dietitian's aides. These aides go into the hospitals first as the nurses aides do, and reports indicate that they are doing a grand job wherever they have been used.

Another place where home economists can function is with Red Cross canteen units, as workers, or better still as teachers and leaders in their communities. These units can function in the much-needed school lunch program and in helping to feed industrial workers. They have been very active along all of our coast lines and in other vulnerable areas for some time. Many of the women who have taken canteen courses supervised and directed the feeding of flood victims throughout the midwest in the recent emergency.

"We, in the midwest, have felt safe. But we find even here we have emergencies that call for trained volunteer workers. We hope these emergencies will be few and far between, but let's be prepared. Every community should have at least one trained unit to carry on emergency mass feeding problems."

Washington

By Peter Edson
Telegraph Special Service

Newest problem developing on the manpower front is a wartime labor migration which industrial management is not yet able to fully explain. Its manifestations are a rapid turnover in the labor force, with a high quit rate, terminations of employment often exceeding new hirings.

This new labor migration in the midst of a wartime boom of prosperity has been developing gradually in a number of local areas, in which the situation is no longer news. But the first complete roundup of the problem has just been brought back to Washington by Lawrence A. Appley, executive director of the War Manpower Commission, following a swing around the country to get first-hand information on today's manpower situation.

The problem is, according to Mr. Appley, most in evidence in the Pacific coast region, where another "spirit of the gold rush days" is leading many war workers to pull up stakes and move on to some other claim where they hear the diggings may be better.

One shipyard on the west coast reported that of 26,000 workers hired, only 5000 stuck on the job from the time they were hired to date.

Another yard with a labor force intact at the 36,000 figure. Not Housing, Transport or Wages

Exit interviews are now conducted by personnel directors and employment men to find the reasons behind a workman's giving notice that he intends to quit, but so far they have not revealed any deep underlying motives for this labor unrest. In most instances, the conventional causes of quitting are found not to exist.

Housing problems in most of the established yards are now licked. Transportation—the problem of getting to and from work—may have been solved by the construction of new travel facilities such as special bus lines or through shuttle trains loading and unloading on special sidings, conveniently located. They won't be used to capacity, men preferring to crowd six or more in a passenger car to creep over corrugated highways in rush hours.

Working conditions and wages may be as good in one place as the next. In spite of all this, when the urge to move hits a migrant worker, nothing on earth seems able to hold him to his job, and he ups and goes.

One phase of this wartime turnover of workers is the development of an out-migration of considerable proportions. People who rushed to the west coast to get jobs in the airplane plants and the shipyards have grown restless and gone back home as labor shortages and increasing employment have developed in the places they came from.

Another phase is pure restlessness or wanderlust. A shipyard worker or an airplane plant worker who has spent the winter in a Southern California plant may decide to spend the spring and summer working in the northwest, so off he goes.

Job Freezing Checks Migration

Within local war production areas where employment conditions have been established there are certain restrictions on the movement of labor. A workman can't quit one job to take a similar job in a nearby war plant unless he gets a release from the first employer. That's to prevent pirating and job-shopping by workers for higher pay.

These controls apply locally, however, and not regionally. They would apply, for instance, in San Diego or San Francisco areas. They would not apply regionally, however, as in the entire five-state Pacific Coast region.

The administrative problem ahead for war industry management and labor therefore becomes one of checking this new kind of migratory movement by regions. Restrictions of the local area War Manpower Commission stabilization agreements may have been winked at to a certain extent, if a workman from one area showed up in another area where there was a labor shortage. A tightening up on these voluntary restrictions can do much to check further development of this migratory movement, it is believed.

Biggest contribution to licking the problem can probably be made by securing the co-operation of war workers themselves in taking one war job and sticking to it. The alternative might be something like a national service bill, which labor doesn't want, but which is now before Congress, anyhow.

Jobs now aren't "frozen" though that word is loosely used to designate voluntary employment stabilization agreements. A national service law would actually freeze jobs, but the effort will be made to continue present voluntary practices, without compulsion.

—Every farmer in Lee County should have a Lee county map. They are only 50 cents at the B. F. Shaw Printing Company.

A PEOPLE'S TRIUMPH

(An Editorial)

It is impossible to exaggerate the sense of pride and satisfaction that filled American hearts when the people learned of their triumph in the House of Representatives on Friday. They greeted the news as a second Declaration of Independence.

As has happened over and over again in the long history of representative institutions, a political conflict of overwhelming significance came into focus in a debate over an appropriation bill. In this instance the house was considering the grant of 3 billion dollars to OWI, OPA, and 16 other recently created agencies of government.

For a decade and more congress has seldom resisted the dictation of the administration in all such matters, even when the people's representatives knew that to vote more power to the bureaucracy was to be unfaithful to the voters. Over the years the alphabetical agencies have increased in number and political power, the task of limiting their scope and directing their policies has become increasingly difficult. The people had begun to doubt whether it was any longer within the capacity of congress to guide and control the bureaucrats. The war, it seemed, had further weakened the legislative branch.

Last November, under the leadership of the middle west, the whole country turned against the New Deal. The people by their votes said they wanted congress to play its full part in our government. National policies were to be formed in congress in accordance with the Constitution and the people's will, and the officers of administration were to be kept in their places as the people's servants, not their masters. From time to time the new congress had shown symptoms of independence, but never had it acted with such clarity of vision and firmness of purpose as were displayed last week.

The house worked like a skilled surgeon attacking a cancer. The 40 million dollars cut from the bill was of little importance as a measure of economy, but of immense significance as evidence that the house is determined to restore our constitutional system to health and vigor.

All the money asked for the domestic activities of the office of war information was denied. The appropriations committee had voted to whittle the estimate by 37 per cent; the house with greater intelligence and courage determined to remove the whole growth, root and branch. The house saw that there can be no place for a domestic propaganda agency in a government in which the people are sovereign.

The two concepts cannot live together in war or in peace. If the people are sovereign they must have full access to the news of their government. If confusions and conflicts exist within the administration, the facts must not be prettified. Failures should not be suppressed.

Hitler can have his Goebbels to tell the people what he thinks they ought to know about their government and the war, but there is no room for a Goebbels in Washington as long as Washington is the capital of a free country.

The officials of our government speak and write English. Any time they have something to say they can say it themselves, without submitting their words for review to a propaganda ministry. In refusing the appropriation, the house expressed its faith in the intelligence and steadfastness of the people and in the ability of their free press to inform them.

The same kind of thinking resulted in a drastic revision of the Office of Price Administration. Congress is persuaded, as the people are persuaded, that the administration has blundered to the edge of catastrophe. The house

did not destroy OPA, but forbade it to replace the theorists in control of commodity prices and distribution with men who have had practical experience.

The people know that war presents difficult economic problems, but they know, also, that the difficulties have been aggravated by destroying precisely those incentives to production that have made this country the richest in the world. An administration that encourages farmers to send lean, half grown steers to market at a time when a beef shortage is feared; that pays bounties for holding land out of production; that upsets established business practices in the midst of war to further a post-war collectivistic program;

that rations first and inquires later whether there is need for rationing, cannot be trusted with a free hand in economic management. As to OPA, the house spoke the will of the overwhelming majority of the American people. The American people know now that representative government is a living force. We have heard the sovereign people speaking again in tones of thunder, telling the little men in the Washington bureaus who is boss and who is going to stay boss.

ALCOHOLIC

Evansville, Ill., June 22—The average drinker still hasn't gotten over the drought of the prohibition era!

Figures revealed today in a survey by the National Woman's Christian Temperance Union show that 100,000,000 Americans in 1914 consumed 2,252,272,765 gallons of alcoholic beverages. In 1942, 35 per cent more persons—including millions of women—drank whereas pre-prohibition consumption was almost all male—drank only 2,247,082,910 gallons.

The per capita consumption of actual alcohol in 1914, the report disclosed, was 1.705 gallons, while

in 1942 it was 1.210 gallons, or 29 per cent less.

The decrease, the W. C. T. U. concludes, is the result of the 13-year period from 1920 to 1933 when millions of pre-war drinkers consumed no liquor. The first year after repeal the per capita intake of actual alcohol was only .605 gallons. This has been doubled.—National W. C. T. U., 1730 Chicago avenue, Evansville, Illinois.

To Mayo Clinic
Dr. Lambertus Warmolts who has been ill the past three weeks, was removed to the Mayo clinic at Rochester, Minn., Wednesday for observation and treatment. Dr. Arthur R. Bogue of Rochelle accompanied him.

Guest Night
Tuesday night was guest night for the Corinthian chapter, O. E. S. at Polo. Sarah Reid of Oregon served as guest worthy matron and in the escort were Hazel Kereven, Edith Edelman, Lucy Schneider, Grace Ehmen, Nancy Croft, Janet Johnson, Hester Reed and Edna Reed. Mrs. Leon Reed and Clarence Johnson also attended the meeting.

Recital
Mrs. Robert Hardesty presented her pupils in piano and elocution in a recital Sunday afternoon at 3 o'clock at the home of Mr. and Mrs. Burton Haas. The program included piano selections by Delores Needham, Dana Blobaum, Marilyn Etnyre, David Haas, Betty Brunner, Tommy Heuerman, Joanne Jacobs, Patsy Andrew, Mary Louise Dale, Cynthia Roth and Delores Chamberlin. Duet by Mary Louise Dale and Delores Chamberlin; dialogue by Marilyn Etnyre and Cynthia Roth.

Visiting Sister
Mrs. Robert Murdock, Jr. left Tuesday to spend a week with her sister, Mrs. Claude Sheldon in Minneapolis, Minn.

W. R. C. Meeting
Oregon Woman's Relief corps will hold their regular meeting Friday afternoon at the I. O. O. F. hall. A social hour will follow the business meeting honoring members having birthdays in June.

Warmolts Clinic
Mrs. Ralph Blevins of Mount Morris was admitted to the clinic Tuesday morning. She suffered a broken leg when hit by a car. A son was born to Mr. and Mrs. Merlin Root of Mount Morris Sunday, June 20. A daughter was born Sunday to Mr. and Mrs. Harvey Rodeffer of Forreston.

Returns Home
Mrs. Grant Jackson and daughters, Mrs. Ray Halsey and Miss Geraldine Jackson, who have been visitors of Mr. and Mrs. Ben Seibert and other relatives left Tuesday to return to Elmwood, Okla.

Mr. and Mrs. Frank McMurchy and daughter Louise of DeKalb spent Sunday with the Sauer sisters. Mrs. Anna Arnp who has been visiting the McMurchys, came to Oregon with them and returned to DeKalb for another week.

Mrs. L. A. Rippberger returned home Wednesday from a ten day visit with her daughter, Mrs. L. A. Goulding and family at Des Moines, Iowa. She was accompanied to Des Moines by Mrs. A. A. Goulding of Sterling. They went to be present at a dance and dramatic recital in which the Goulding children, Donnale and Robert, took part.

Mrs. E. D. Landers who had been under treatment for a week at the Dixon hospital returned home Tuesday.

Frank Cacan, a patient at Rockford municipal sanatorium, has returned home.

Junior Red Cross
Many articles made by school children of Ogle county last year are being shipped this week to many areas of the United States to camps of the armed forces and to field directors of the American Red Cross. Some of the articles include:
10 lamp stands to the Newport Army air field, Arkansas.
200 library envelopes and cards

MORE NOTES FROM OUR LABORATORY
Regarding "SUNBURN and MOSQUITO RELIEF"
Over here on No. Galena Ave. we have just concocted two brand new preparations: One for "chasing mosquitoes," we call "SKEETER-GO." It keeps the pests away for hours—stops itching and heals infected bites quickly.
The other one is our own idea of what a real "SUN TAN OIL" should be—non-greasy, soothing to skin, develops a real after-glow—prevents sunburn—and takes the pain and sting away from primary sun-burns.
We know these items are GOOD—and are selling them on a money-back guarantee. 35c for either or 65c for both.

DIXON WATER CO.

to Camp McCoy, Wisconsin.
50 writing boards and 46 writing portfolios to the director of the American Red Cross at Mineral Wells, Texas.
10 reading racks to Blytheville Army air field, Arkansas.
47 non-breakable ash trays to Chanute Field, Rantoul, Illinois.
181 pairs of bedroom slippers to Camp Hood, Killeen, Texas.
20 cigar box checkers and backgammon to Stinson Field, San Antonio, Texas.
3 dart baseball to Lowry Field, Denver, Colorado.
5 darts and targets to Camp Wallace, Texas.
Other articles completed by the school children include afghans, bed jackets, card table covers, cushion covers, lap robes, utility bags, book marks, flower containers, lap boards, bean bags, bridge tallies, crossword puzzles and scrap books.

Ogle county has a membership of one hundred twenty one schools in the Junior Red Cross work. Co-operating with the program are the teachers, local superintendents, Mrs. Gerald Hough, Mt. Morris, production chairman and W. L. Pickering, Oregon, county chairman of the Junior Red Cross. The Ogle County War Price and Rationing Board 6271.1 will be open on Wednesday evenings from 7:00 p. m. until 9:00 p. m. to the public to accommodate war workers and farmers who are not able to come to the office during the day.

The board will meet Tuesday evenings for their weekly board meeting instead of Tuesday and Friday as in the past.

Has Received Promotion
In a letter received by Mr. and Mrs. John Brader from their son Harold who is serving in the supply and planning division of the general staff corps of the war department in Washington, D. C., he states that June 18 he was promoted from captain to major, giving him the rank according to the work he has been doing.

Ration Timetable

Only Three Veterans of Civil War Attend Encampment at Peoria

Peoria, Ill., June 24—(AP) — New officers of the Illinois Grand Army of the Republic will be nominated at business sessions of the annual encampment today. The election will be held tomorrow.

Of Illinois' 27 living Civil War veterans, only three were at the opening session. They were Department Commander Hiram H. Schumate, 94, of Riverton; James H. Lewis, 102, Chicago, who is assistant adjutant and quartermaster general, and William L. Kingston, 95, of Peoria, junior vice-commander of the Illinois department.

At a joint session of various GAR groups last night, Francis E. Phelan of Winnetka, department commander of the American Legion, lauded the veterans by saying "at no time in American history has Old Glory had greater significance to men who died and fought beneath its guiding light than to those wearing the uniform of the blue."

In reference to the present war, Phelan said not only must war plant strikes be avoided, but "profits, high wages, and individual advancement do not amount to much now."

Grave of Veteran of Revolution Located

Belleville, Ill., June 24—(AP) — The grave of Eleazar Allyn, a veteran of the American Revolution, has been found at Shiloh, Ill., after a two-year search by the Belleville American Legion. Commander R. L. Thorne said yesterday.

The search was precipitated by a letter from one of Allyn's descendants, Herbert Miller of Silver City, N. M., who said the body was buried in St. Clair county. Allyn, according to records at McKendree College at Lebanon, designed the Shiloh Methodist church, the oldest Methodist church west of the Alleghenies. It was built in 1812.

—Paper for the pantry shelves in most attractive colors—canary, blue, green, pink, white. Comes in rolls—10c to 50c.—B. F. Shaw Printing Company.

—Particular housewives have used our attractive shelf paper for years.—B. F. Shaw Printing Company.

First elevator in the Washington Monument was a steam hoist, used until 1900.
